SECTION ONE: GENERAL PERSONNEL POLICIES

EQUAL EMPLOYMENT OPPORTUNITY POLICY

The Employer is committed to the principle of equal employment opportunity and anti-discrimination pursuant to Title VII of the 1964 Civil Rights Act as amended by the Equal Opportunity Act of 1972 and the New Jersey Law Against Discrimination (LAD) and all other applicable state or federal laws. Under no circumstances will the Employer discriminate on the basis of sex, race, creed, color, religion, national origin, ancestry, age, marital status, affectional or sexual orientation, domestic partnership status, civil union status, atypical heredity, cellular or blood trait, genetic information, disability (including AIDS or HIV infection), liability for service in the United States Armed Forces, gender identity or expression, and/or any other characteristic protected by state or federal law. Accordingly, decisions regarding hiring, promotion, transfer, demotion or termination are based solely on the qualifications and performance of the employee or prospective employee. If any employee or prospective employee feels they have been treated unfairly, they have the right to address their concern with their supervisor, or if they prefer, their Department Head, Director of Personnel, the Chief Administrative Officer, or any other supervisor with whom they feel comfortable, using the complaint procedure set forth in the Policy Against Harassment set forth in this Manual.

Any employees with questions or concerns about any type of discrimination or harassment in the workplace are encouraged to bring these issues to the attention of management through the complaint procedure set forth in the Policy Against Harassment set forth in this Manual.

AMERICANS WITH DISABILITIES

The Borough of Madison complies with the New Jersey Law Against Discrimination and the Americans with Disabilities Act. The Borough of Madison will not discriminate against any qualified employee or job applicant with respect to any terms, privileges, or conditions of employment because of a person's physical or mental disability. The Borough of Madison also will make reasonable accommodations wherever necessary for all employees or applicants with disabilities, provided that the individual is otherwise qualified to safely perform the essential duties and assignments connected with the job and provided that accommodations do not require significant difficulty or expense. The Borough of Madison's nondiscrimination policy applies to all aspects of the employer-employee relationship, including recruitment, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and termination.

Definitions. The Americans with Disabilities Act defines an individual with a disability as any person who:

- (1) has a physical or mental impairment that substantially limits one or more major life activities, such as caring for oneself, walking, seeing, hearing, or speaking;
- (2) has a record of such an impairment; or
- (3) is regarded as having such an impairment.

An individual must satisfy at least one of the three prongs of the above definition to be considered an individual with a disability under the ADA. Temporary conditions, such as a broken leg, are not disabilities, nor are minor impairments, such as vision problems that are correctable with glasses.

The New Jersey Law Against Discrimination defines disability as a physical disability, infirmity, malformation or disfigurement which is caused by bodily injury, birth defect or illness including epilepsy and other seizure disorders, and which shall include, but not be limited to, any degree of paralysis, amputation, lack of physical coordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment or physical reliance on a service or guide dog, wheelchair, or other remedial appliance or device, or any mental, psychological or developmental disability resulting from anatomical, psychological, physiological or neurological conditions which prevents the normal exercise of any bodily or mental functions or is demonstrable, medically or psychologically, by accepted clinical or laboratory diagnostic techniques. Disability shall also mean AIDS or HIV infection.

A qualified individual is an individual with a disability who, with or without reasonable accommodation, can perform the essential functions of the employment position held or sought. An individual who poses a threat to the health and safety of oneself or to others is not qualified. Reasonable accommodation means any change or adjustment to a job or work environment that does not impose an undue hardship on the Borough of Madison, or that permits a qualified applicant or employee with a disability to participate in the job application process, perform the essential functions of the job, or enjoy benefits and privileges of employment equal to those enjoyed by employees without disabilities.

Requesting Accommodation. Qualified employees or prospective employees with disabilities may request accommodations to perform the essential functions of their job or gain access to the hiring process. Employees or prospective employees should direct their written request to the Borough Administrator. In the written request, the employee or prospective employee should identify themselves as a person with a disability, eligible for protection, and identify the nature of the accommodation or consideration desired.

The Borough of Madison may require the employee to provide adequate medical or other appropriate documentation of the disability and the need for the desired accommodation. The Borough of Madison will reasonably accommodate the known physical or mental limitation of an otherwise qualified applicant or employee with a disability unless the accommodation would impose an undue hardship on the Borough of Madison's business operation.

To further the Borough of Madison's nondiscrimination policy, the Employer will:

- Identify the essential functions of a job;
- Determine whether a person with a disability, with or without accommodation, is qualified to perform the duties; and
- Determine whether a reasonable accommodation can be made for a qualified individual.

Reasonable accommodations that the Employer may provide in connection with modifications to the work environment or adjustments in how and when a job is performed may include the following:

- Making existing facilities accessible and usable;
- Job restructuring;
- Part-time or modified work schedules;
- Acquiring or modifying equipment or devices;
- Appropriate adjustment or modifications of testing materials, training materials, and/or policies;
- Reassignment to a vacant position.

The Borough of Madison is also committed to not discriminating against any qualified employee or applicant because he or she is related to or associated with a person with a disability. If any applicant or employee has questions concerning the Borough of Madison's equal employment opportunity policy, he or she should contact the Borough Administrator..

Employees should also offer assistance, to the extent possible, to any member of the public who requests or needs an accommodation when visiting the Borough of Madison's facilities. Any questions concerning proper assistance should be directed to the Borough Administrator

POLICY AGAINST HARASSMENT

The Borough of Madison is committed to providing a work environment that is free of discrimination. The Borough of Madison will not tolerate harassment of or by employees towards anyone, including any supervisor, co-worker, or non-employee, including vendors and citizens.

Applicability. This policy applies to all people employed by the Borough of Madison, as well as volunteers working on behalf of the Borough of Madison, and prohibits such conduct by or towards all such employees/volunteers. Independent contractors, vendors and all other parties, engaged in a professional business relationship with the Borough of Madison are also expected to abide by the policy. In addition, no employee shall be required to withstand behavior from the public which violates this policy.

Purpose. This policy is designed to ensure all employees a work environment free of any type of discrimination based upon a protected status, including freedom from sexual harassment. The purpose of this policy is to inform employees that harassment based upon a protected status is prohibited, to educate employees about harassment based upon a protected status and to provide employees with a procedure to bring complaints to management's attention.

Provisions. All employees are expected to avoid any behavior or conduct of a harassing or discriminatory nature. The Borough of Madison prohibits any form of harassment or discrimination related to an employee's protected group status, including race, creed, color, national origin, ancestry, religion, age, marital status, civil union status, domestic partnership status, affectional or sexual orientation, familial status, genetic information, sex, gender identity or expression, disability (including perceived disability, physical, mental, and/or intellectual disabilities), atypical hereditary cellular or blood trait, or because of the liability for service in the Armed Forces of the United States, veteran status, citizenship status, or any other group status protected by law. Harassment includes, but is not limited to:

- A. Treating an individual less favorably based on a person's protected group status;
- B. Using derogatory or demeaning slurs to refer to a person's protected group status;
- C. Calling another by an unwanted nickname which refers to one or more protected group statuses, or telling ethnic jokes that harass an employee or create a hostile work environment;
- D. Using derogatory references regarding a protected group status in any job-related communication;
- E. Engaging in threatening, intimidating, or hostile acts, in the workplace, based on a protected group status; or
- F. Displaying or distributing material in the workplace that contains language or derogatory or demeaning images, based on any protected group status.

Any form of harassment or discrimination related to an employee's protected group status violates this policy.

This policy applies to all employment practices such as recruitment, selection, hiring, training, promotion, transfer, assignment, layoff, return from layoff, termination, compensation, fringe benefits, working conditions and career development.

Violations of this policy will result in appropriate disciplinary action up to and including termination of employment.

Sexual Harassment. The Borough of Madison prohibits sexual harassment of its employees in any form. Such conduct shall result in appropriate disciplinary action up to and including dismissal from employment.

A. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct, gestures or communications, expressed or implied, of a sexual nature when:

- (1) Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining or retaining employment; or
- (2) Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's employment, or
- (3) That conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's employment, or creating an intimidating hostile or offensive employment environment.

B. Prohibited Conduct: No supervisory employee shall threaten or insinuate either directly or indirectly, that an employee's refusal to submit to sexual advances will adversely affect the employee's continued employment, evaluation, compensation, assignment, advancement, or any other condition of employment. Similarly, no supervisory employee shall promise or suggest either directly or indirectly, that an employee's submission to sexual advances will result in any improvement in any term or condition of employment for the employee.

Other sexually harassing conduct in the workplace, whether committed by supervisory or non-supervisory personnel is also prohibited. This includes, but shall not be limited to:

- (1) Sexual flirtations, advances, propositions, subtle pressure for sexual activity, flirtatious whistling, discussing sexual activities;
- (2) Verbal abuse of a sexual nature including sexually oriented "kidding" or "teasing," "practical jokes," jokes about gender-specific traits, and foul or obscene language or gestures;
- (3) The display of sexually graphic pictures or pictures of an offensive nature, or objects in the workplace, including sexually suggestive written material such as letters, notes, facsimiles, text messages and e-mails;
- (4) Any unwelcome sexually motivated touching, including, for example, patting, pinching, hugging, cornering, blocking or impeding movement and repeated brushing against another employee's body.

Sexual harassment also occurs when one person harasses another solely because of the victim's gender. This type of sexual harassment may involve unwelcome sexual demands or overtures, but it may also take

the form of other harassing conduct not necessarily sexual in nature. For example, this would include gender stereotyping such as comments about the lesser abilities, capacities, or the "proper role" of females. It also includes subjecting a woman or a man to non-sexual harassment solely because of her or his gender. Sexual harassment is prohibited whether the harasser is male or female, and whether the harassment is opposite sex or same-sex harassment.

Complaint Procedure. Any employee who feels he or she has been subject to harassment should report the incident directly to the designated Affirmative Action Officer, Sandra Emmerich. The designated Affirmative Action Officer will ask the employee to complete a Harassment Complaint Form. Employees, however, are not required to complete the complaint form to initiate a harassment complaint under this policy.

Alternatively, any employee who feels he or she has been subject to harassment should report the incident directly to the Borough Administrator. The Borough Administrator will ask the employee to complete a Harassment Complaint Form. Employees, however, are not required to complete the complaint form to initiate a harassment complaint under this policy. The names and telephone numbers of the designated Affirmative Action Officer and Borough Administrator are contained in the Contact Information attached to this policy.

Any individual uncomfortable reporting an incident to the designated Affirmative Action Officer and/or Borough Administrator should feel free to go to any management representative which he or she feels most comfortable to relay the problem. When any management representative learns of a violation of this policy, the management representative shall assist the victim in reporting the alleged incident(s) of harassment.

All Borough of Madison employees should notify the alleged harasser that the behavior in question is thought to be offensive and unwelcome. However, failure to inform the alleged harasser that the behavior is unwelcome does not prevent the victim from filing a complaint pursuant to this policy. The harassment or discrimination does not have to occur on the Borough of Madison's property during regular work hours for an employee to file a complaint under this policy.

The Borough of Madison strongly encourages employees who witness conduct which they believe violates the Borough of Madison's Policy Against Harassment to report the violation pursuant to this complaint procedure. The Borough of Madison encourages the prompt reporting of complaints so that rapid response and appropriate action may be taken. Any complaint should be reported within sixty (60) days to be considered current. Nevertheless, due to the sensitive nature of these problems, all complaints will be investigated, regardless of when they are filed.

Investigation Procedure. The Borough of Madison shall conduct an investigation into the harassment complaint to determine the merits of the allegations. The designated Affirmative Action Officer and/or Borough Administrator shall designate an objective investigator to determine the validity of any complaint. The objective investigator may include any third party deemed appropriate.

The investigation shall be completed in a reasonable time to resolve the issue and minimize the effects of such investigation on the parties involved. The investigation will, at a minimum, include an interview with the employee bringing the complaint and the accused.

If the Borough of Madison determines that the complaint has merit, the accused shall face appropriate disciplinary action based upon the severity of the complaint and any prior history of past charges against the individual. Disciplinary action may include a written warning, suspension, demotion, and/or termination of employment. Any disciplinary action shall be consistent with applicable collective bargaining agreements, regulations and applicable due process safeguards. Upon completion of the investigation, the entire file shall be maintained in a secure location with the Employer.

In the event that the Borough of Madison determines the complaint to be intentionally dishonest, appropriate disciplinary action may be taken against the employee who caused the complaint to be filed.

Privacy. To the extent possible, all persons involved in a harassment complaint will be given the utmost protection of privacy. Specifically, the Borough of Madison will strive, both during and after the investigation, to maintain confidentiality to the fullest extent possible, including confidentiality of the identities of all persons involved or alleged to be involved in the incident, revealing only those particulars of the matter to the extent necessary for a thorough investigation. Any employee who unnecessarily compromises the confidentiality of an investigation will be subject to appropriate discipline.

Responsibility of Supervisory Personnel. Supervisors are to monitor the work environment to ensure that all subordinates comply with this Policy Against Harassment. When a supervisor learns of a violation of this policy, the supervisor shall assist the victim in reporting the alleged incident(s) of harassment.

Alternatively, the supervisor shall report the matter to the designated Affirmative Action Officer and/or Borough Administrator for resolution.

Retaliation Prohibited. The Borough of Madison encourages victims of harassment to bring their complaints to management by ensuring that no reprisals or retaliation will result from the good faith reporting of harassment. The filing of a complaint, in good faith, shall not, under any circumstances provide cause for discipline. Additionally, it is a violation of this policy for any personnel to retaliate against another because he or she filed a complaint or otherwise participated in the complaint procedure.

Any supervisor who receives a harassment complaint from any employee must bring it to the attention of the designated Affirmative Action Officer and/or Borough Administrator for resolution. Supervisors shall closely monitor the work environment for any forms of retaliation once an allegation has been made. This will include but not be limited to verbal remarks, irregular assignments or any other activity that may contribute to a hostile work environment.

Legal Effect. This Policy Against Harassment is to be construed as a unilateral expression of the policy of the Employer concerning harassment in the workplace. It is not intended to create any contractual rights or duties and any such intention or effect is hereby disclaimed. This policy may be amended, supplemented, modified and/or revised at any time. Any employee with questions regarding the Borough of Madison's Policy Against Harassment should contact the designated Affirmative Action Officer and/or Borough Administrator

Training. The Borough of Madison recognizes the need to reinforce its policies with effective training. Training is to be provided to all supervisory and non-supervisory employees. Ultimately, the goal of effective training is to build a culture in which all employees feel safe. Training may be conducted in person or through electronic means. To the extent economically and operationally feasible, training should

be conducted live whenever possible. Training should empower participants to intervene appropriately when they witness harassment or discrimination. This means not only training participants on the requirements of the policy prohibiting harassment and discrimination, but also training participants on tools for response and lodging complaints. Training should emphasize the negative impact of harassment and discrimination on employees, workplace productivity, workplace culture, and encouraging those employees who either experience harassment/discrimination or witness it to report it.

Monitor for Compliance. The Borough of Madison acknowledges the importance of ensuring that employers' policies and procedures are actually working as intended to prevent sexual harassment and other forms of discrimination from occurring in the workplace. It is the expectation of the Employer that all supervisors shall enforce anti-harassment policies and that setting the proper example is part of their job description and part of the evaluation of their job performance. The Borough of Madison will engage in proactive efforts to monitor and ensure compliance with its policies within their workplaces.

POLICY PROHIBITING WORKPLACE VIOLENCE

The Borough of Madison has adopted this Zero Tolerance Policy for workplace violence because it recognizes that workplace violence is a growing problem nationally that needs to be addressed by all employers. Consistent with this policy, acts or threats of physical violence, including intimidation, harassment, and/or coercion which involve or affect the Borough of Madison, its employees or which occur on the Borough of Madison's property will not be tolerated.

Threats or Acts of Violence Defined. "Threats or acts of violence" include conduct against persons or property that is sufficiently severe, offensive, or intimidating to alter the employment conditions with the Borough of Madison, or to create a hostile, abusive, or intimidating work environment for one or more employees.

Examples of Workplace Violence. General examples of prohibited workplace violence include, but are not limited to, the following:

All threats or acts of violence occurring on Borough of Madison property, regardless of the relationship between the Borough of Madison and the parties involved in the incident.

All threats or acts of violence not occurring on Borough of Madison property but involving someone who is acting in the capacity of a representative of the Borough of Madison.

All threats and acts of violence not occurring on Borough of Madison property involving an employee of the Borough of Madison if the threats or acts of violence affect the legitimate interest of the Borough of Madison.

Any threats or acts resulting in the conviction of an employee or agent of the Borough of Madison, or of an individual performing services on the Borough of Madison's behalf on a contract or temporary basis, under any criminal code provision relating to threats or acts of violence that adversely affect the legitimate interests and goals of the Borough of Madison.

Specific Examples of Prohibited Conduct. Specific examples of conduct which may be considered "threats or acts of violence" prohibited under this policy include, but are not limited to:

Hitting, fighting, pushing, or shoving an individual or throwing objects;

Threatening to harm an individual or his/her family, friends, associates, or their property;

The intentional destruction or threat of destruction of property owned, operated, or controlled by the Borough of Madison;

Making harassing or threatening telephone calls, letters or other forms of written or electronic communications;

Intimidating or attempting to coerce an employee to do wrongful acts that would affect the business interests of the Borough of Madison;

Harassing surveillance, also known as “stalking,” the willful, malicious and repeated following of another person and making a credible threat with intent to place the other person in reasonable fear of his or her safety;

Making a suggestion or otherwise intimating that an act to injure persons or property is “appropriate,” without regard to the location where such suggestion or intimation occurs;

Unauthorized possession or inappropriate use of firearms, weapons, or any other dangerous devices on Borough of Madison property.

While employees of the Borough of Madison may be required as a condition of their work assignment to possess firearms, weapons or other dangerous devices, or permitted to carry them as authorized by law, employees are to use them only in accordance with departmental operating procedures and all applicable State and Federal laws.

Application of Prohibition. The Borough of Madison’s prohibition against threats and acts of violence applies to all persons involved in the Borough of Madison’s operation, including but not limited to Borough of Madison personnel, volunteer, contract and temporary workers, and anyone else on Employer property. Violation of this policy by any individual on Borough of Madison property, by any individual acting as a representative of the Borough of Madison while not on Borough of Madison property, or any individual acting off of the Borough of Madison property when his or her actions affect the public interest or the Borough of Madison’s business interests will be followed by legal action, as appropriate. Violation by an employee of any provision of this policy may lead to disciplinary action up to and including termination.

Warning Signs, Symptoms and Risk Factors. The following are examples of warning signs, symptoms, and risk factors which MAY indicate an employee’s potential for workplace violence:

Dropping hints about a knowledge of firearms;

Making intimidating statements like: “You know what happened at the Post Office,” “I’ll get even,” or “You haven’t heard the last from me”;

Possessing reading material with themes of violence, revenge and harassment;

Physical signs of hard breathing, reddening of complexion, menacing stare, loudness, fast profane speech;

Acting out either verbally or physically;

Disgruntled employee or ex-employee who is excessively bitter;

Being a loner;

Having a romantic obsession with a co-worker who does not share that interest;

History of interpersonal conflict;

Intense anger, lack of empathy;

Domestic problems, unstable/dysfunctional family;

Brooding, depressed strange behavior, “time bomb ready to go off.”

Supervisors should be alerted to and aware of these indicators. If an employee exhibits such behavior, the employee should be monitored and such behavior should be documented.

Procedures for Dealing with Acts of Workplace Violence. When a violent act occurs in the workplace: If a violent act or altercation constitutes an emergency, call 9-1-1 or the Madison Police Department. In instances that are not emergency situations, contact your Department Head or the Personnel Director. If possible, separate the parties involved in the violent altercation. If the parties cannot be separated, or if it would be too dangerous for the employee to separate the parties, call 9-1-1 or the local police department, and contact your Department Head or the designated human resources official. The Department Head will contact the designated human resource officer, who will take responsibility for coordinating a response to the incident.

In instances that involve criminal situations, the designated human resources official will contact the appropriate local police department for assessment, and if necessary, a criminal investigation.

Employee Reporting Obligations and Procedure. Each employee and every person on Borough of Madison property is encouraged to report incidents or threats or acts of physical violence of which he or she is aware. In cases where the reporting individual is not an employee, the report should be made to the local police department. In cases where the reporting individual is an employee, the report should be made to the employee’s Department Head or the designated human resources official. Each Department Head shall promptly refer any such incident to the designated human resources official.

The Borough of Madison will promptly and thoroughly investigate all reports of threats of (or actual) violence and/or suspicious individuals or activities. Any individual determined to be responsible for conduct in violation of this policy will be subjected to disciplinary action up to and including termination of employment, arrest and prosecution.

Nothing in the policy alters any other reporting obligation established in the Borough of Madison’s policies or in state, federal or other applicable law.

Confidentiality and Retaliation. This policy prohibits retaliation against any employee who, in good faith, reports a violation of this policy. Every effort to the extent practicable will be made to protect the safety and identity of anyone who comes forward with concerns about a threat or act of violence. Employees shall refer any questions regarding his or her rights and obligations under the policy to the designated human resources official.

WHISTLEBLOWER POLICY

As a matter of policy, the Borough of Madison abides by all federal, state, and local laws, rules, and regulations applicable to it and has all its employees do the same. Every employee is responsible for assisting the Borough of Madison to implement this policy.

In the ordinary course, a violation of this policy should be reported to an employee's Department Head in writing, signed by the employee. If that is not practical or if that action is taken but does not prevent or correct the perceived violations, the employee is to deliver a written statement, signed and dated to the designated human resources official. The written statement should detail the specific information the employee possesses so that the Borough of Madison may undertake an investigation.

The Borough of Madison or any of its employees will not retaliate against any employee who makes a good faith report pursuant to this policy; even if an investigation reveals that no violation occurred. More specifically, neither the Borough of Madison nor any of its employees will take any retaliatory action or tolerate any reprisal against an employee who:

Discloses, or threatens to disclose, to a supervisor or to a public body an activity, policy or practice of the Borough of Madison or another employer, with whom there is a business relationship, that the employee reasonably believes is in violation of a law, or a rule or regulation issued under the law, or, in the case of an employee who is a licensed or certified health care professional, reasonably believes constitutes improper quality of patient care;

Objects to, or refuses to participate in, any activity, policy or practice which the employee reasonably believes: (1) is in violation of a law, or a rule or regulation issued under the law or, if the employee is a licensed or certified health care professional, constitutes improper quality of patient care; (2) is fraudulent or criminal; or (3) is incompatible with a clear mandate of public policy concerning the public health, safety or welfare or protection of the environment. See N.J.S.A. 34:19-3.

Disclosure to the Borough of Madison first, however, is not required where (1) the employee is reasonably certain that the violation is known to one or more officials; (2) where the employee reasonably fears physical harm; or (3) the situation is emergent in nature. The employee must give the Borough of Madison a reasonable opportunity to correct the activity, policy or practice. It is the Borough of Madison's responsibility to correct or prevent such violations. This is a legal obligation and a practical necessity. A violation can taint the credibility of the Borough of Madison and cause the Borough of Madison and its employees to be subjected to adverse publicity leading to public distrust.

This policy is important to the Borough of Madison. Each employee should seek to resolve any problem within Borough of Madison channels before reporting it to any outside person or entity.

SECTION TWO: EMPLOYEE BENEFITS

COMPENSATION

The Borough of Madison will pay its employees in accordance with the provisions of applicable collective bargaining agreements, ordinances, and in compliance with the Fair Labor Standards Act (“FLSA”) and the New Jersey Wage and Hour Law.

The Borough of Madison utilizes an electronic timekeeping system. Non-exempt and exempt employees are required to use the time tracking device located in the various municipal buildings. Non-exempt and exempt employees are required to request their sick time, vacation time and personal time off utilizing the online web portal for time and attendance. The supervisor shall review the records for accuracy and approve them. Once approved by the supervisor, the Payroll Department will electronically receive the information and process payroll.

Salary ranges are established by ordinance, and the salary must fall within the minimum and maximum ranges for the employee’s title. Paydays will be on the 1st and 15th of each month for a total of twenty-four pays per year, except January when the first pay will be on the first business day of the year.

The workweek shall commence at 12:01 a.m. Sunday and end 12:00 midnight the following Saturday. Employees will be paid during A.M. working hours. When the payday falls on a Saturday, Sunday, or Holiday, the Borough agrees to make paychecks available on the business date prior to that date.

Overtime for a partial week will be held over until the next pay period when the full week of overtime will be computed.

The Borough of Madison will not accept responsibility for any employee’s personal finances. The Borough of Madison will acknowledge judgments against an employee’s pay, but will not act as a mediator between the employee and creditors.

Employees are not entitled to retroactive pay increases if an employee separates employment, voluntarily or involuntarily, from the employ of the Borough of Madison prior to the retroactive payment, unless otherwise stated in the applicable collective bargaining agreement.

OVERTIME

The Borough of Madison complies with all applicable federal and state laws with regard to payment of overtime work, including the New Jersey Wage and Hour Law and the federal Fair Labor Standards Act.

Under the Fair Labor Standards Act, certain employees in managerial, supervisory, administrative, computer or professional positions are exempt from the provisions of the Act. There are also employees who may be exempt because their compensation exceeds \$100,000 per year depending upon their job duties. The Personnel Director shall notify all Exempt employees of their status under the Act. Exempt employees are not eligible to receive overtime compensation and are required to work the normal workweek and any additional hours needed to fulfill their responsibilities.

The policy of the Borough of Madison is to plan, organize and schedule its activities so that work may be accomplished within a standard workweek. An exempt employee, however, due to extenuating or extraordinary circumstances may perform additional work far in excess of the standard workweek. It is the Borough's intention to recognize extraordinary efforts that require overtime; it is not the Borough's intention to provide compensatory time for routine efforts that could or should be handled as part of a professional's regular job.

At the sole discretion of and with prior approval from the Borough Administrator, exempt employees who are required to work far in excess of the standard workweek may be provided compensatory time for their additional working hours. At a minimum, the exempt employee would only be entitled to compensatory time after working 60 hours in a week. All such compensatory time must be used within one year from the date on which it is granted and must be taken with prior approval of the Borough Administrator. Any time remaining after the one year period will be forfeited.

There is no legal requirement, nor is the Borough of Madison obligated to pay overtime and/or compensatory time to any exempt employees. Should the Borough Administrator decide to grant an exempt employee such compensatory time, such time is not being provided as a means of compensation. Rather, this compensatory time is granted to an exempt employee for fulfilling his/her employment duties over and above the standard required working hours commensurate with their job duties. If an employee separates from service for any reason, including retirement, all accrued compensatory time will be lost and will not be paid. Additionally, an employee's separation date may not be scheduled in order to allow for use of compensatory time.

Employees must make a request to their supervisor at least two days in advance when they want to take compensating time off. The supervisor will approve the request if the absence does not cause undue hardship to the department.

Depending on work needs, employees may be required to work overtime. Employees are not permitted to work overtime unless the overtime is budgeted and approved by the Department Head and the Borough Administrator . Employees working overtime without prior approval may be subject to disciplinary action.

Since the regular workweek is 37 ½ hours, non-exempt employees will receive pay at the regular hourly rate for the first 2 ½ hours of overtime worked. Non-Exempt employees shall receive 1 ½ times the hourly rate for hours worked in excess of 40 in a workweek. In computing overtime compensation, the nearest ½ hour shall be the smallest fraction to be reported.

DIFFERENTIAL COMPENSATION

The Borough Administrator may appoint, with the approval of the Borough Council, an employee as Acting Supervisor or Department Head, and when such employee serves in such a position for a period of time in excess of 60 days from the date of appointment, such employee shall be entitled to additional compensation of up to 5% of such employee's base salary for each pay period.

MEDICAL AND DENTAL BENEFITS

PLEASE NOTE: FULL DETAILS OF EMPLOYEE'S HEALTH, MEDICAL AND HOSPITALIZATION PLANS CAN BE FOUND IN THE OFFICIAL INSURANCE PLAN DOCUMENTS. IF THERE IS ANY CONFLICT OR INCONSISTENCY BETWEEN THE INFORMATION IN THE POLICY AND PROCEDURES MANUAL AND THE OFFICIAL DOCUMENTS, THE OFFICIAL DOCUMENTS WILL GOVERN. THE BOROUGH OF MADISON ALSO RESERVES THE RIGHT TO CHANGE INSURANCE CARRIERS IN ACCORDANCE WITH APPLICABLE LAW.

Part-time and full-time temporary or seasonal employees are not entitled to medical insurance benefits. Failure to complete all necessary paperwork in accordance with the time frames advised by the Borough of Madison will result in a delay of coverage. Additionally, failure to enroll dependents or to make other changes or corrections in coverage may jeopardize available benefits. All employees must notify the Borough of Madison of any change in status (i.e., marriage, divorce, birth, adoption, death) within the time frame designed by the health benefit plan that would affect any employer-provided health insurance. The Borough of Madison reserves the right to conduct a coverage audit to verify proper coverage for employees and eligible dependents.

Dependent Defined. The Borough of Madison defines “dependents” as used in this policy as it is defined under the State Health Benefits Program. Dependents means an employee’s spouse and the employee’s unmarried children under the age of twenty-six (26) years who live with the employee in a regular parent-child relationship.

“Children” includes stepchildren, legally adopted children and foster children provided that they are reported for coverage and are wholly dependent upon the employee for support and maintenance. See N.J.S.A. § 52:14-17.26. A spouse or child enlisting or inducted into military service shall not be considered a dependent during the military service.

The term “dependents” does not include spouses of retired persons who are otherwise eligible for benefits under the State Health Benefits Program (N.J.S.A. § 52:14-17.25 et seq.) but who, although they meet the age eligibility requirement of Medicare, are not covered by the complete federal program.

Medical/Hospitalization Coverage. The Borough of Madison provides major medical and hospitalization insurance for the employee. The Borough of Madison may provide major medical and hospitalization coverage for the employee’s eligible dependents.

Full-time employees working on average thirty (30) hours per week or more and, if applicable, their eligible dependents become eligible to participate in the Borough of Madison’s major medical and hospitalization insurance plans in accordance with current health plan documents.

Payments of such premiums by the Borough of Madison will terminate upon the employee's separation from service. Upon separation, the employee may, if eligible, purchase continuation health benefit coverage to the extent, and for the period, provided by federal law.

Prescription Drug Coverage. The Borough of Madison provides prescription drug insurance for the employee. The Borough of Madison may provide prescription drug coverage for the employee's eligible dependents.

Employees will be responsible to pay a co-pay on prescriptions. Full-time employees and their eligible dependents become eligible to participate in the Borough of Madison's prescription insurance plan in accordance with current plan documents.

Payments of such premiums by the Borough of Madison will terminate upon the employee's separation from service. Upon separation, the employee may, if eligible, purchase continuation health benefit coverage to the extent, and for the period, provided by federal law.

Dental Coverage. Full-time employees and, if applicable, their eligible dependents become eligible to participate in the Borough of Madison's dental plan in accordance with current plan documents. All full-time employees, and, if applicable, their eligible dependents, shall be eligible for enrollment in the Borough of Madison's dental plan in accordance with the specific requirements of the insurance plan carried by the Borough of Madison.

Payments of such premiums by the Borough of Madison will terminate upon the employee's separation from service. Upon separation, the employee may, if eligible, purchase continuation health benefit coverage to the extent, and for the period, provided by federal law.

Continuation Coverage. An employee and his/her family, if covered by the Borough of Madison's group health care package, shall have the right to temporarily continue their coverage due under the plan, paying the group rate themselves, should they lose coverage due to the death of the enrolled employee or termination for reasons other than gross misconduct on the employee's part, pursuant to the federal Consolidated Omnibus Budget Reconciliation Act (COBRA). For additional information, contact the designated human resources official.

PROMOTION

It is the intention of the Borough of Madison to fill job vacancies with qualified Borough employees whenever possible before looking to hire new employees. Transfers from one department to another will be made when it is advantageous to the Borough and/or the employee to make such a transfer. Employees may request a transfer once a position is opened. If the transfer takes place, the move shall be made without prejudice or loss of any seniority rights. A promotion is a move to a position with more responsibility and shall include a change in title and pay. Promotions shall be made exclusively on merit and qualification.

Employees promoted to a higher position may receive, at the discretion of the Borough Administrator and the concurrence of the governing body, a maximum salary increase up to 5% or the entrance rate of the new position, whichever is higher.

HIPAA COMPLIANCE

The Borough of Madison is committed to upholding both the letter and the spirit of the Health Insurance Portability and Accountability Act (“HIPAA”) regarding the use, maintenance, transfer, and disposition of personal health care information. To the extent that the Borough of Madison maintains such information about its employees and others, its elected officials and employees are committed to protecting the privacy and confidentiality of that information.

WORKERS' COMPENSATION

Employees who suffer job-related injuries and illnesses may be entitled to medical expenses, lost income and other compensation under the New Jersey Workers' Compensation Act. Any occupational injury or illness must be immediately reported to the supervisor or Department Head. All required medical treatment must be performed by a workers' compensation physician appointed by the joint insurance fund. Workers' Compensation is not a leave entitlement but only a wage replacement arrangement.

Payment for unauthorized medical treatment may not be covered. No temporary Workers' Compensation benefits other than the payment of medical bills shall be paid until the employee has been disabled for a period of seven (7) calendar days from the work-related injury, unless otherwise required by law.

The Borough of Madison will not tolerate retaliation or discrimination against an individual because the individual has filed a claim for workers' compensation benefits. This prohibition includes denying or limiting any request for leave because an individual asserted a claim for workers' compensation benefits.

Workers' Compensation Light Duty Policy. The Borough of Madison will endeavor to bring employees with temporary work-related injuries or illnesses back on the job as soon as possible. The Borough of Madison may recognize a special obligation arising out of the employment relationship and create a temporary light duty position for an employee when s/he has been injured while performing work for the Borough of Madison and, as a consequence, is unable to perform his/her regular job duties.

The Borough of Madison will not treat an employee with a disability less favorably than an individual without a disability or screen out an individual on the basis of disability in granting such requests for light duty. The Borough of Madison will grant such request, at its sole discretion, and on a case-by-case basis in consideration of the medical report submitted by the workers' compensation physician, the recommendation of the insuring entity, and staffing needs and requirements. The Borough of Madison reserves the right to grant, refuse or terminate a light duty assignment at any time without cause unless it is in conflict with the mandates of the ADA, FMLA, or NJFLA or other state or federal leave laws, where applicable.

The employee and/or the Third Party Administrator ("TPA") are obligated to inform the Borough of Madison the employee's medical progress and the Borough of Madison shall have the right to review same periodically. Light duty assignments may be in any department and not just the employee's normal department. Employees on light duty will receive their regular salaries. If light duty is approved, the employee or TPA must keep the Borough Administrator and/or Personnel Director informed of the medical progress. If, at the end of light duty period the employee is not able to return to work without restrictions, the employee should contact the Borough Administrator and/or the Personnel Director to discuss his or her options under state or federal law.

This policy does not affect an employee's rights under the Americans with Disabilities Act, the Family and Medical Leave Act, the Fair Labor Standards Act, the Contagious or Life Threatening Illnesses Policy, or other Federal or State law.

When an employee is returned to work in any capacity by his/her Workers' Compensation doctor, any appointments (ex. physical therapy, follow-up appointments, etc.) associated with that injury must be scheduled after hours or the employee must use accrued leave time.

Employees who wish to observe religious holidays not designated as a holiday by the Borough of Madison may do so without loss of pay by using available personal or vacation days, but only to the extent that the employee has not already used up his or her available personal or vacation days.

RETIREMENT

Under State law, all eligible employees must enroll in the New Jersey Public Employees Retirement System, the Police and Fireman's Retirement System or Defined Contribution Retirement Plan as applicable. The employee's contribution to the plan will be deducted from the employee's pay. An employee who has completed the required number of years and who has reached the required age under the Plan may retire by notifying the Department Head in writing. The State requirement plans request six months advance notice to process the application. The retirement application must be submitted through the MBOS system. After giving notice of retirement, employees are expected to assist their supervisor and co-workers by providing information concerning their current projects and help in the training of a replacement. The Personnel Department will prepare an Employee Action memo showing any pay or other money owed the employee, which will be signed by the employee acknowledging receipt and agreement. Requests shall be made sufficiently in advance to take advantage of discounts for early registration, and must be submitted to the Department Head at least 30 days before the event. Requests must be in writing including the conference schedule, registration information and estimated costs. The Department head is responsible to detail all training requests during the budget formulation process. Approval of any request is conditioned upon the availability of funds.

SECTION THREE: LEAVES OF ABSENCE

VACATION LEAVE POLICY

Vacation leave is granted to all full time employees. All vacation requests must be processed through the Borough of Madison's time management system. All vacations must be approved by the employee's supervisor in accordance with established guidelines. After the first calendar year of employment, all vacation time must be used during the year in which it was earned or the first three months of the next year.

Unless otherwise stipulated in an employment agreement, collective bargaining agreement vacation is an accrued benefit based on the following schedule:

Full-time employees hired between January 1, 1982 and December 31, 2009, the Vacation Leave Policy in the Rev 02(10-06) manual/handbook prevails).

Full time employees hired on or after January 1, 2010:

- New full-time employees with less than one full calendar year of service shall accumulate eighty-three hundredths (0.83) vacation leave days for each full month worked up to the maximum allowed. Days earned in the first calendar year can be carried over to the following year.
- Full-time employees who have completed one full calendar year shall be entitled to 10 vacation days in advance at the beginning of their second full calendar year.
- Full-time employees shall be entitled to 15 days' vacation during the calendar year in which the sixth anniversary of his or her employment occurs.

21	22 days
22	23 days
23	24 days

If an official holiday falls during an employee's authorized vacation, he or she will be entitled to an additional day in lieu of the holiday. The authority for approval of each employee's vacation schedule is vested in his or her Department Head. Preference in the selection and assignments of vacation periods will be given to those employees longest in the services of the Borough, in order of their lengths of service. After the first calendar

In computing an employee's vacation time, an employee's probationary period is included in computing his or her period of service. Effective 1/1/2011, temporary, seasonal and hourly-paid employees do not earn any vacation time (those hourly employees earning pro-rated vacation time as of 12/31/10 are grandfathered). Effective 1/1/2011, only salaried employees on a regular part-time basis (20 hours or more per week) will be entitled to vacation on a prorated basis. Salaried employees on a part-time basis are eligible for an increase in their pro-rated vacation time based upon years of service for full-time employees, according to the progression schedule in effect at the time of hiring.

A vacation once begun will count as the employee's vacation even though illness occurs during the vacation, unless the employee is admitted to the hospital. Under these circumstances, sick days will be charged from the date of admittance.

For those employees receiving four weeks' vacation allowance or more, it is agreed that in an emergency an employee may be required, at the option of the Borough, to work one week of his or her vacation period as the need for his or her service demands it, unless he or she shall have a compelling personal reason for not doing so. Examples of possible compelling personal reasons are an extended preplanned vacation trip, serious illness in his or her family or a legal matter or a matter of personal business requiring his or her presence.

Employees who have an approved vacation/benefit time scheduled who call in sick the day before or day following a vacation, holiday and/or leave, and/or any other authorized day of absence may be required to submit a physician's statement.

FAMILY AND MEDICAL LEAVE

In accordance with the federal Family and Medical Leave Act (“FMLA”), the Borough of Madison provides eligible employees with up to twelve (12) weeks of unpaid medical and family leave during any twelve (12) month period and up to twenty-six (26) workweeks to care for a Covered Service member. At the conclusion of the leave, subject to some exceptions, an employee generally has a right to return to the same or an equivalent position. The following outlines employees’ rights and obligations under the FMLA and the Borough of Madison’s policies implementing the FMLA.

Leave Available. Eligible employees may take up to a total of twelve (12) weeks of unpaid leave during any twelve (12) month period for any one or more of the following reasons:

- The birth, adoption or placement for foster care of the son or daughter of an employee, and to care for such child;
- A serious health condition of a spouse, son, daughter or parent of an employee if the employee is needed to care for such family member; or
- A serious health condition of an employee that makes an employee unable to work. Generally, the incapacity must result in the employee’s inability to work for more than three (3) consecutive days (although there are certain exceptions to this rule);
- Any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is a member of the Regular Armed forces, National Guard or Reserves on active duty status during the deployment to a foreign country, and or has been notified of an impending call to active duty status as such in support of a contingency operation.

In addition, eligible employees who are either spouse, son, daughter, parent or next of kin of a Covered Service member shall be entitled to a total of twenty-six (26) workweeks of unpaid leave during a single twelve (12) month period to care for the Covered Service member. During this single twelve (12) month period, an eligible employee who qualifies for leave to provide care for the Covered Service member shall be entitled to no more than a combined total of twenty-six (26) workweeks of leave.

Definitions.

“Covered Service member” means a member of the Armed Forces, including a member of the National Guard or Reserves, or a recent veteran who has been discharged, other than dishonorably, within the five years preceding the family member’s initial request for leave, who has a serious injury or illness who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

“Eligible Employee” means an individual who has been employed by the Borough of Madison for at least twelve (12) months, has worked at least 1,250 hours during the preceding twelve (12) month period, and is employed at a worksite with at least fifty (50) employees within seventy-five (75) miles of that worksite.

“Next of kin” means the nearest blood relative of the individual.

“Qualifying Exigency” covers a number of broad categories of reasons and activities, including short-notice deployment to a foreign country, military events and related activities, child care and school activities, financial and legal arrangements, counseling, rest and recuperation, post-deployment activities, and additional activities agreed to by the employer and the employee.

“Serious Health Condition” means an illness, injury, impairment or physical or mental condition that involves either inpatient care or continuing treatment by a health care provider. It generally includes a period of incapacity due to pregnancy, prenatal care, a chronic health condition, a permanent or long-term health condition, or restorative or preventive treatment.

“Serious Injury or Illness” means an injury or illness incurred by a Covered Service member in the line of duty or on active duty in the Armed Forces, National Guard of Reserves, incurred in the line of duty on active duty or whose pre-existing condition has been aggravated by his/her active duty service, that may render the service member medically unfit to perform the duties of the member’s office, grade, rank or rating.

Eligibility. Any employee who has been employed by the Employer for twelve (12) months or more and worked 1,250 hours or more in the twelve (12) month period preceding the first day of the requested leave may be eligible for an unpaid leave of absence of up to twelve (12) weeks during any twelve (12) month period.

The twelve (12) month period shall be determined by using a rolling twelve (12) month period that commences with the first day of leave taken.

Leave to care for a child after birth, adoption, or foster care must conclude within twelve (12) months of the child's birth or placement. If both spouses work for the Employer, they may only take a total of twelve (12) weeks between them during the twelve (12) month period in order to care for a child after birth, adoption, or foster care or to care for a parent with a serious health condition and a combined twenty-six (26) weeks in a single twelve (12) month period for military caregiver leave or a combination of military caregiver leave and other FMLA qualifying reasons. Each spouse may be entitled to additional leave for other qualifying reasons under the FMLA, such as the employee’s own illness or for the serious illness of the employee’s child.

Notice. When the leave is foreseeable, at least thirty (30) days’ advance notice to the Employer, in writing, is required. If thirty (30) days’ notice cannot be provided, as much notice as is practical should be provided. Failure to give reasonable notice may delay the availability of the leave.

Certification. Where leave is taken to care for a family member with a serious health condition or because of the employee’s own serious health condition, medical certification is required and periodic recertification may be required. In addition, where the leave is taken because of the employee’s own serious health condition, a certification of fitness to return to work will be required.

The Employer, at its expense, may require an examination by a second healthcare provider designated by the Employer. If the second healthcare provider's opinion conflicts with the original medical certification, the Employer, at its expense, may require a third, mutually agreeable, healthcare provider to conduct an examination and provide a final and binding opinion.

For military exigency leave, an employee may be required to provide certification that the covered military member is a member of the regular Armed Forces, National Guard or Reserves who is on active duty or called to active duty in support of a contingency operation, as well as certification from the employee about the nature and details of the specific exigency, the amount of leave needed, and the employee's relationship to the military member. For military caregiver leave, the employee may be required to provide information from the health care provider and employee and/or Covered Service member to support such leave.

Absent unusual circumstances, medical certifications must be provided within fifteen (15) days. The Employer will also require periodic status reports from employees concerning their intended return date.

Failure to provide requested documentation may result in denial of leave. The Employer may attempt to clarify or authenticate the certification or may require additional certifications to support the need for leave. When leave is taken to care for a family member, the Employer may require the employee to provide documentation or a statement of family relationship (e.g., birth certificate or court document) and proof of the need to care for the family member.

Utilization of Paid Leave. Generally, FMLA leave is unpaid. In the case of family leave, you must first utilize all available paid vacation days and personal days and the remainder of the leave will be unpaid. In the case of medical leave, you must first utilize all available paid vacation, personal and sick days and the remainder of the leave will be unpaid. Employees may not receive more than 100% of salary at any time.

Coordination with other Leave Policies. The period of time attributable to the employee's absence due to any workers' compensation, disability, or sick leave, will be counted against available leave under this policy to the extent permitted by law. In the event that additional family, medical or sick leave is available pursuant to state laws, this leave will also run concurrently with FMLA leave to the extent permitted by law.

Intermittent Leave. When medically necessary, leave taken because of a serious health condition of an employee or family member or to care for a Covered Service member may be taken on an intermittent or reduced work schedule basis. The employee and employer shall attempt to work out a schedule for such leave that meets the employee's needs without unduly disrupting the employer's operations, subject to the approval of the employee's health care provider. The Employer may require an employee taking intermittent or reduced work schedule leave to transfer temporarily to an alternative position with equivalent pay and benefits that is better suited to the leave schedule.

Employment and Benefits Protection. During the leave, health benefits will continue for up to twelve (12) weeks in each rolling twelve (12) month period under the same conditions as if the employee continued to work. Employees must, however, pay the same amount for any benefits continued as they do prior to the leave. Other benefits, if any, will continue during the leave under the same conditions as if the employee continued to work.

If paid leave is substituted for unpaid FMLA leave, the Borough of Madison will deduct the employee's portion of the health plan premium as a regular payroll deduction. If the employee's FMLA leave is

unpaid, the employee must pay his/her portion of the premium in accordance with a payment method that is devised and mutually agreed upon between the employee and the Borough of Madison.

Employees should consult with their Department Head and human resources official prior to taking an approved leave. If you fail to return to work after your FMLA leave for any reason except for circumstances beyond your control, you must pay back all unpaid health insurance premiums. With regard to the employee's contribution portion of his/her health benefits pursuant to Chapter 78, P.L. 2011 and any voluntary supplemental benefits that the employee may have, the employee is solely responsible for making payment arrangements with the Employer or for any voluntary benefits, to the respective insurance company. Your healthcare coverage may cease if your premium payment is more than thirty (30) days late. With regard to any pension contribution that you may have, you must contact the human resources official to make payment arrangements concerning contributions or credits paid toward your pension benefits. If you fail to return to work after your FMLA leave for any reason except for circumstances beyond your control, you must pay back all unpaid health insurance premiums.

Before returning to work following a medical leave (except for intermittent or reduced schedule leave) due to the employee's own serious health condition, the employee will be required to present a fitness for duty certification from his/her health care provider that he/she is medically able to resume work. If the date on which the employee is scheduled to return to work from FMLA leave changes, the employee is required to give notice of the change, if foreseeable, to the Employer within two (2) business days of the change.

Subject to some exceptions, most employees will be returned to the position they left or to a position equivalent in pay, benefits and other terms of employment. Individuals identified as "key employees" (the highest paid 10% of salaried employees at the work site or within a seventy-five (75) mile radius of that work site) at the beginning of their leave may not be returned to their former or equivalent position if restoration will cause substantial economic injury to the Employer. Employees will be informed of their key employee status at the beginning of the leave period.

A failure to return from FMLA leave for reasons other than the employee's own serious health condition may result in termination of employment. In the event that an employee cannot return to work at the end of FMLA leave due to a continuation of his/her own serious health condition, they must contact the Employer before the expiration of the leave to discuss their options under state and federal law. State leave laws may provide additional leave similar to that provided under the FMLA. The Employer will comply with these state law provisions to the extent they provide for more generous benefits. State leave law benefits will run concurrently with FMLA benefits to the extent permitted by law.

Family Temporary Disability. During a period of unpaid leave to care for a family member with a serious health condition or a newborn or adopted child or child placed into foster care with the employee, the employee may be eligible for up to six (6) weeks (twelve (12) weeks, effective July 2020) of Family Leave Insurance ("FLI") payments through the State in a twelve (12) month period. FLI is a monetary benefit paid by the State and not a separate leave entitlement, and will thus run concurrently with FMLA and/or NJFLA leaves.

NEW JERSEY FAMILY LEAVE

The Borough of Madison provides eligible employees with up to twelve (12) weeks of unpaid, job-protected leave for specified family reasons under the New Jersey Family Leave Act (NJFLA).

Eligible Employees. To be eligible for NJFLA leave, an employee must have worked at least twelve (12) months for the Borough of Madison and have worked at least 1,000 hours for the Borough of Madison over the previous twelve (12) months.

Qualifying Reasons for Leave. An employee may take NJFLA leave to care for:

- A newly born or adopted child or a child placed into foster care with the employee, but the leave must start within twelve (12) months of the birth of the child or the placement of the child.
- A family member (sibling, grandparent, grandchild, child, spouse, domestic partner, civil union partner, parent-in-law, or parent of a covered individual, or any other individual related by blood to the employee, and any other individual that the employee shows to have a close association with the employee which is the equivalent of a family relationship) with a serious health condition.

Leave taken for reasons above must be consecutive and must begin by the end of the twelve (12) month period after the birth or placement for adoption or foster care.

Leave Benefits. An employee may take up to a maximum of twelve (12) weeks of NJFLA leave in a twenty-four (24) month period, which is measured as a rolling twenty-four (24) month period that commences with the first day of NJFLA leave taken.

You may take NJFLA leave to care for a seriously ill family member:

- As a single block of time.
- By reducing your normal weekly, [but not daily,] work schedule for no more than twenty-four (24) consecutive weeks in a twenty-four (24) month period.
- Intermittently in increments lasting at least one week, but less than twelve (12) weeks in a consecutive twelve (12) month period, when medically necessary.

Employees permitted to take intermittent or reduced-schedule leave must try to schedule their leave so that it will not unduly disrupt the Employer's operations. The total time within which an intermittent leave is taken may not exceed a twelve (12) month period, if such leave is taken in connection with a single serious health condition.

Intermittent leaves taken in connection with more than one serious health condition episode must be taken within a consecutive twenty-four (24) month period, or until such time as the employee's twelve (12) week family leave entitlement is exhausted, whichever is shorter. An employee taking a family leave on a reduced leave schedule shall not be entitled to such leave for more than a consecutive twenty-four (24) week period. An eligible employee shall be entitled to only one leave on a reduced leave schedule during any consecutive twenty-four (24) month period. Any remaining family leave to which the employee is

entitled subsequent to the expiration of a leave taken on a reduced leave schedule may be taken on a consecutive or intermittent basis.

Depending on the purpose of the employee's leave, the employee may choose to use accrued paid leave, concurrently with some or all of his/her NJFLA leave. The employee will not be eligible to accrue seniority or benefits, including vacation and holidays, during any period of NJFLA leave. The Employer will notify employees of their options to continue to participate in our group health plans during NJFLA leave.

Required Notice and Certifications. When requesting NJFLA leave, an employee must provide the Employer thirty (30) days' advance written notice. If advance written notice is not possible because of an emergency, the employee must provide the Employer with reasonable oral notice and then follow up with written notice.

The employee also must give the Employer a medical certification supporting the need for leave. The Employer reserves the right to require second or third medical opinions and periodic re-certifications. The employee must also provide periodic reports during his/her leave regarding the employee's status and intent to return to work as deemed appropriate by the Employer. If an employee fails to provide the required documentation, the Employer may delay the start of the employee's NJFLA leave, withdraw any designation of NJFLA leave or deny the leave, in which case the employee's absences will be treated in accordance with the Employer's standard leave of absence and attendance policies and the employee may be subject to discipline up to and including termination of employment.

If an employee provides false or misleading information or omits material information about an NJFLA leave, the employee will be subject to discipline up to and including immediate termination of employment.

Benefits Protection. During a family leave of absence, the employee's health benefits will be maintained under the same conditions as if the employee continued to work. If the employee decides to return to work when his/her family leave of absence ends, the employee may be reinstated to the same or equivalent job with the same pay, benefits, and terms and conditions of employment. If the employee decides not to return to work when the family leave of absence ends, the employee may be required to reimburse the Employer for the health insurance premiums paid on his/her behalf during the leave of absence (except if the failure to return to work was caused by the continuation, recurrence, or onset of serious health condition which would entitle the employee to a leave of absence under the law or other circumstances beyond the employee's control).

With regard to any pension contributions, the employee must contact the human resources official to make payment arrangements concerning contributions or credits paid toward his/her pension benefits. Employees should consult with the Employer prior to taking an approved leave.

Returning to Work after NJFLA Leave. On returning to work after NJFLA leave, eligible employees will typically be restored to their original job or to an equivalent job with equivalent pay, benefits and other employment terms and conditions. Any employee who fails to return to work as scheduled after NJFLA leave or exceeds the twelve (12) week NJFLA entitlement will be subject to the Employer's standard leave

of absence and attendance policies. This may result in termination if the employee's continued absence is unauthorized (for example, if the employee has no other Employer-provided leave available to him/her).

Retaliation Prohibited. The Employer and the NJFLA prohibit the interference with, restraint of or denial of any right provided under the NJFLA and/or discharge or discrimination against any person for opposing any practice made unlawful by the NJFLA or for involvement in any proceeding under or relating to the NJFLA. The Employer encourages employees to bring any concerns or complaints about retaliation or compliance with the NJFLA to the attention of the human resources official.

New Jersey Family Leave Insurance. During a period of unpaid leave to care for a family member with a serious health condition or a newborn or adopted child or child placed into foster care with the employee, the employee may be eligible for up to six (6) weeks (twelve (12) weeks, effective July 2020) of Family Leave Insurance ("FLI") payments through the State in a twelve (12) month period. FLI is a monetary benefit paid by the State and not a separate leave entitlement, and will thus run concurrently with FMLA and/or NJFLA leaves.

An employee's job is not protected while receiving FLI benefits – unless the employee is eligible for leave under the FMLA, NJFLA, or is otherwise designated for an approved family leave of absence.

Employees must provide the Employer with advance notice of need for leave, as follows:

- At least thirty (30) days before leave to bond with a newborn or newly adopted child, unless the time of the leave is unforeseeable or the time of the leave changes for unforeseeable reasons.
- In a reasonable and practicable manner for leave to care for a seriously ill family member on a continuous, non-intermittent basis, unless an emergency or other unforeseen circumstance precludes advance notice.
- At least fifteen (15) days before leave to care for a seriously ill family member or leave to bond with a newborn or newly adopted child on an intermittent basis unless an emergency or other unforeseen circumstance precludes advance notice.

MILITARY SERVICE LEAVE POLICY

The Employer provides military leave in accordance with applicable State and Federal law. In all cases involving military leave, the employee must, as soon as possible, provide his or her Department Head with a certificate verifying the call to military duty prior to beginning the military leave.

Organized Militia. Any permanent or full-time temporary officer or employee, who is a member of the organized reserve of the Army of the United States, United States Naval Reserve, United States Air Force Reserve or United States Marine Corps Reserve, or other affiliated organization, including the National Guard of other states, shall be entitled to a leave of absence without loss of pay or time on all work days on which he or she is engaged in any period of Federal active duty, up to thirty (30) work days in any calendar year. A military leave of absence is in addition to the employees' regular vacation or other accrued leave.

Any leave of absence for such duty in excess of thirty (30) work days will be without pay but without loss of time. A full-time temporary officer or employee who has served under such temporary appointment for less than one year will receive military leave without pay but without loss of time.

New Jersey Organized Militia. New Jersey's organized militia consists of the National Guard (Army and Air), the Naval Militia, and the State Guard. Any permanent or full-time officer or employee who is a member of the New Jersey organized militia shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence without loss of pay or time on all days during which he or she shall be engaged in State or Federal active duty, up to ninety (90) work days in any calendar year.

Any leave of absence for such duty in excess of ninety (90) work days will be without pay but without loss of time. A full-time temporary officer or employee who has served under such temporary appointment for less than one year will receive military leave without pay but without loss of time.

Reinstatement. To be reinstated by the Borough of Madison without loss of privileges or seniority, the employee must report for duty with the Employer within the time required by law following release from active duty under honorable circumstances.

In accordance with legal requirement, employees who take military leave are required to:

- Provide the Employer with proper notice of the leave;
- Apply for reinstatement within the time required by law;
- Have a creditable military record including completion of all required training and fulltime service and be discharged under honorable conditions.

Military leave with pay will be granted to an employee in accordance with N.J.A.C. 4A:6-1.11, N.J.S.A. 38:23-1, N.J.S.A. 38a:4-4 and the Uniformed Services Employment and Reemployment Rights Act ("USERRA").

The Employer will provide employees with a paid leave of absence for matters stemming from their employment. For personal matters, employees may use available personal days or vacation days.

SECTION FOUR: PERSONNEL RULES AND REGULATIONS

APPEARANCE

Dress, grooming and personal hygiene must be appropriate for the position. Uniforms are required for certain jobs and are to be worn in accordance with applicable departmental standards. All other employees are required to dress in a manner that is normally acceptable in similar business establishments and consistent with applicable safety standards. Employees shall not wear suggestive attire, athletic clothing, shorts, T-shirts, novelty buttons, baseball hats and similar items of casual attire that do not present a businesslike appearance. Hair, sideburns, moustaches and beards must be clean, combed and neatly trimmed. Shaggy, unkempt hair is not permissible regardless of length. Body piercings, other than earrings, may not be visible. With the advance approval of the Borough Administrator, the Borough of Madison will make reasonable religious accommodations that do not violate safety standards. Employees violating this policy shall be required to take corrective action or will be sent home without pay.

ABSENTEEISM AND TARDINESS

Regular attendance at work, reporting on time, and completing the required hours of work are necessary for each employee so that the Borough of Madison may meet its commitments to its residents. All employees shall utilize the Boroughs time management system on a daily basis. Employee absences place an additional burden on the remaining work force and seriously affect the Borough of Madison's ability to service its residents. Management recognizes that circumstances beyond the employee's control may cause him or her to be absent from work for all or part of a day. The Borough of Madison, however, will not tolerate unexcused absence or tardiness.

All employees are expected to come to work regularly and on time and to promptly notify their immediate supervisor or other management designee by personal telephone conversation when they are unable to do so. Unless prevented by specific circumstances, the employee must provide notification at least one (1) hour prior to the beginning of work for his or her position.

When a lunch period is authorized during a normal work day, one hour unpaid is allowed for this purpose, with a specific time assigned to each employee by the supervisor in order that duty stations will be covered during the lunch period. Tardiness in returning from lunch is not permitted, unless specifically authorized in advance by the supervisor. Attendance and punctuality will be considered, among other factors, in the employee's performance review. If an employee needs to leave work early, the employee must receive permission from his or her supervisor to leave prior to the regularly scheduled departure time. An employee who is absent from duty for five (5) or more consecutive working days without approval or notification or fails to return to work for five (5) or more consecutive working days following an approved leave of absence shall be deemed to have voluntarily resigned from their employment.

To minimize the negative impact on both employees and residents, the Borough of Madison will regularly review employee time records to identify chronic absenteeism and/or tardiness problems. Employees who exhibit attendance and/or tardiness problems will be subject to established progressive disciplinary procedures.

ALCOHOL AND DRUG-FREE WORKPLACE

All applicants for positions that require a CDL license and all employees whose job requires them to possess a CDL license shall be excluded from this Alcohol and Drug-Free Workplace policy. Instead, these employees are governed by Federal and State regulations, as well as the attached CDL Drug and Alcohol Testing Policy (Appendix A) Employees hired with the understanding that they must obtain a CDL license will be covered under this Alcohol and Drug-Free Workplace Policy until they obtain their CDL license.

An employee has the right to inspect and obtain a copy of his or her drug test results. Drug testing

information will only be released to those employees of the Borough of Madison with a job related need to know, the DER and Alternate DER, to defend against any administrative action brought by the employee against the Borough of Madison, in grievance or arbitration proceeding under the terms of a collective bargaining agreement, in a court of law under subpoena, as released by the employee in writing, the MRO, the Borough of Madison insurers, rehabilitation programs and as otherwise required by law. Our Drug-Free Workplace Policy does not tolerate the abuse of drugs or alcohol in the workplace. Understand that this Policy prohibits illegal drug use on or off the job. We encourage any employee suffering from a substance abuse problem to seek help. If you need help, we can direct you to our Employee Assistance Program (EAP) Substance Abuse Professional (SAP) for a confidential evaluation and referral for substance abuse treatment if necessary. Notice of the Borough of Madison's New Jersey Drug-Free Workplace testing will be provided on vacancy announcement and is posted in conspicuous locations on Borough of Madison premises.

Our program can help improve your health and help you avoid trouble with the law. Even if you do not use drugs or alcohol, this program will make your workplace safer and more productive, the Borough of Madison safer, and will help your friends and co-workers get the help they need. Compliance with this policy is a condition of your hire or continued employment, except to the extent this policy may conflict with a current collective bargaining agreement (CBA), which CBA shall prevail. The Borough of Madison has developed its drug-free workplace policy in compliance with New Jersey Laws, *and the Fourth Amendment to the United States Constitution as it covers employees of governmental entities*. Applicant testing will begin immediately and sixty (60) days after the effective date of November 1, 2021, all employees are subject to testing as outlined below. The existing drug and alcohol testing program will remain in place until the effective date of this program.

WHO DO WE TEST?

All employees performing safety-sensitive functions, and all final applicants for positions where safety-sensitive functions are performed, and all other employees where reasonable suspicion exists. All DOT regulated employees are also subject to testing under this policy. Elected officials who are not otherwise classified as employees are not subject to testing under this Policy.

SAFETY-SENSITIVE CLASSIFICATIONS

Safety-sensitive employees are those employees who discharge duties fraught with risks of injury to others that even a momentary lapse of concentration can have disastrous consequences. Factors which have been considered in determining whether a position is safety sensitive include handling of potentially dangerous machinery, sharp objects, working at heights, positions requiring a high level of cognitive function, mostly unsupervised responsibility for children, and handling of hazardous substances in an environment where others could be injured. Positions which have been found to be safety-sensitive include firefighters, emergency medical technicians, law enforcement officials who carry firearms, fire and police dispatchers, 911 operators, heavy machinery operators, forklift operators, bus drivers, some (but not all) transportation workers, pipeline operators, gas meter repairmen, jail officers, and those involved in security functions. All Department of Transportation (DOT) regulated employees are determined to be safety-sensitive by those regulations. Unless an employee comes under drug testing regulations of some federal agency, each position, job classification or department, should be individually evaluated to determine whether the employee is safety-sensitive in accordance with the above guidelines.

HOW DO WE TEST?

Drug and alcohol testing is done through chemical analysis which determines without question if a person has drugs or alcohol in his or her system and in conformity with regulations of the New York Department of Health, New Jersey Department of Health, or CLIA. Specimens subject to testing include urine, breath, hair, oral fluids, or blood. Specimen collections, chain of custody and drug and alcohol tests will be in substantial compliance with the U.S. Department of Transportation (DOT) procedures if applicable to the type of specimen being tested. To ensure accuracy, urine lab test procedures shall include a preliminary drug screening, two highly sophisticated scientific tests including adulterant detection, and are reported to an independent certified Medical Review Officer prior to being released to the Borough of Madison. Observed urine collections will only be conducted with the consent of the donor, and the observer will be by a person whose gender matches the donor's gender as identified by the donor at the beginning of the observed collection. Observed collections will be conducted in a professional manner that minimizes discomfort to the donor, and a medical professional may serve as the monitor, regardless of gender. The Medical Review Officer may recommend the collection of an alternate specimen (e.g., oral fluid) when a donor is unable to provide a sufficient amount of urine specimen at the collection site. The MRO will verify that chain of custody procedures were adhered to, use of a certified laboratory and that the test results were valid. The Borough of Madison provides reasonable accommodations to employees and/or applicants in the alcohol and drug testing program whose physical condition prevents them from producing a urine specimen suitable for testing. You may contact the DER if you wish to make an accommodation request. In accordance with the Borough of Madison policy, a test result reported by the laboratory as a negative dilute urine test is not considered a negative test but subjects the donor to immediate retesting; and a second negative dilute urine test will render an applicant ineligible for hire and current employees, where a negative test is required, not currently fit for duty. FDA approved on-site screening devices may be utilized with all initial positive results confirmed by laboratory testing.

All positive initial tests are confirmed by GC/MS at established DOT cut off levels. An Alcohol content of 0.04 or higher using a DOT approved alcohol screening device, or breath alcohol device, is classified as a positive test. The drugs tested for may include all or some of the following: (1) Amphetamines; (2) Cannabinoids; (3) Cocaine; (4) Phencyclidine (PCP); (5) Opioids, designer drugs, or a metabolite of any of the above substances and mind altering synthetic narcotics or designer drugs, or impairing effect medications or substances, taken by employees working in a safety-sensitive classified position, in order for the employer to fulfill its duty to provide a safe place to work as a safety rule. The term "illegal use of drugs" includes any controlled or scheduled drug not used in accordance with a health care provider's lawful prescription for the user, or any substances banned by Federal or applicable State laws.

WHAT IF YOU TEST POSITIVE?

The Medical Review Officer will contact you confidentially to give you an opportunity to discuss your results before reporting them to the Borough of Madison as a verified positive. You may discuss the result with the MRO up to seventy-two (72) hours after a positive result and ask questions of the MRO about prescription and non-prescription medications, rebut or explain the test results to the MRO, and provide supporting documentation. During this 72-hour period, any applicant or employee may request that their split specimen be tested at a second laboratory and if positive, they will be responsible for that expense and that cost may be deducted from their paycheck, depending upon the result and, if negative, the employee will be reimbursed by the Borough of Madison for the cost of the test and any lost time. Under federal regulations, the MRO has the discretionary authority to notify the Borough of Madison that an employee is temporarily medically disqualified from the performance of safety-sensitive work during this evaluation period and also has the duty to notify the Borough of Madison if the employee is taking an impairing effect

medication. A positive drug or alcohol test is classified as willful misconduct and a violation of the Borough of Madison's Policy. Any employee who tests positive, or refuses to be tested, may be subject to appropriate disciplinary action for engaging in willful misconduct connected with work, up to and including immediate termination, for gross misconduct connected with work, and violation of a safety rule for those employees working in a safety-sensitive position and/or forfeit eligibility for Worker's Compensation benefits *N.J. Stat. Ann. § 34:15-7* if post-accident and may adversely affect an employee's eligibility to receive Unemployment Compensation benefits. Any applicant made a conditional offer that tests positive, or refuses to be tested, will be denied employment or have their offer withdrawn.

WHAT IF YOU FAIL TO FOLLOW SAFETY GUIDELINES?

Often times, impairment from drugs or alcohol will cause an employee to fail to adhere to safety guidelines and other common sense safe working practices. Failure to wear a seatbelt, failure to use Borough of Madison provided or required safety equipment, failure to follow safety guidelines, or removal (or disabling) of a safety guard will be willful misconduct connected with work, and subject the employee to discipline, up to and including discharge for violation of Borough of Madison Policy.

WHAT ABOUT IMPAIRING EFFECT MEDICATIONS OR SUBSTANCES?

Any employee working in a safety-sensitive position as defined by the Borough of Madison Policy is required, as a safety rule, to pre-duty disclosure that they are taking or using ANY impairing effect prescription, including medical marijuana, over-the-counter medications, mind altering synthetic or designer drugs or other substance which may have an effect on performance of safety-sensitive duties. This includes medical and recreational Marijuana, the use of which the Borough of Madison, for safety reasons, will not be able to accommodate employees working in safety-sensitive positions. However, for employees who are qualifying medical marijuana cardholders reporting to work in those states which have statutory anti-discrimination against the use of medical marijuana laws, qualifying employees, and applicants, may request a reasonable accommodation by contacting the DER and such request will be considered. If the fact that the employee is taking or using an impairing effect medication or substance is not disclosed pre-duty by a safety-sensitive employee and the employee tests positive, is otherwise determined to be taking or using such, or is determined by the MRO to be a potential safety risk due to taking or using an impairing effect medication or substance, that employee will be subject to discipline, up to and including termination, for violation of this safety rule. If disclosure is made, the Borough of Madison reserves the right to send the employee for a Fitness-for-Duty evaluation to evaluate the medication or substance and its effects on the performance of safety-sensitive duties. In advance of testing, employees are encouraged to have their own doctor make an individualized assessment of any safety-related risks of the medications or substances which they are taking or using, providing the doctor a copy of their job description and having the doctor render an opinion on the safety-related risks. The employee need not disclose to the Borough of Madison the medication or medical condition involved to fulfill the disclosure obligation of this Policy. All information provided will be kept separate from personnel files and in a confidential manner. The MRO, or another Medical Professional selected by the Borough of Madison, will make the final determination on the safety-related risks of any particular medication or substance.

WHAT IF AN ADULTERANT IS FOUND?

The use of an adulterant (something added to a specimen to attempt to hide drug use) is considered a refusal to test and a violation of the Policy. The same would be true if you attempted to substitute a specimen. Any employee who is found to have violated this Policy by attempting to defraud a drug or alcohol test may be subject to appropriate disciplinary action, up to and including termination for willful misconduct connected

with work, or withdrawal of a job offer. No last chance opportunity is available under such a circumstance. It is a criminal offense to substitute or adulterate a test specimen. It also is a criminal offense in New Jersey to manufacture, sell, give away, or possess any device or substance designed or commonly used to substitute or adulterate a test specimen. *N.J. Stat. Ann. § 2C:36-10*. The MRO may declare a urine specimen to be adulterated or substituted based on the laboratory report.

WHAT IF I REFUSE?

A refusal to provide a specimen for testing, unless the MRO agrees a medically valid reason exists for your inability, will be considered willful misconduct connected with work. Such willful misconduct connected with work will cause an applicant's offer to be withdrawn and will subject an employee to immediate termination for cause. Under New Jersey law, unemployment compensation benefits may not be available in such a circumstance. Failure to report for specimen collection within a reasonable time, two (2) hours, of being directed to do so is also classified as a refusal under the Borough of Madison Policy.

DRUG EDUCATIONAL INFORMATION

Attached to this Policy you will find drug educational information to assist you in recognizing the impairing effects of drug use. The Borough of Madison will conduct employee education of substance abuse education and awareness and supervisor training on how to recognize signs of abuse, how to document and collaborate signs of employee substance abuse, and how to refer substance abusing employees to the EAP.

WHAT IF YOU HAVE A SUBSTANCE ABUSE PROBLEM?

The Borough of Madison will provide support for employees who need support and help with alcohol or drug dependency via confidential Employee Assistance Program (EAP), Substance Abuse Professional (SAP) or Medical/Occupational Health support services. Employees who proactively seek treatment will be treated sympathetically and in a confidential manner. In certain cases, this may require a transfer to other duties (e.g. where a person is working in a safety critical role) while the individual is receiving treatment. However, the fact that an employee is seeking or undergoing treatment will not be a defence to a charge of wilful misconduct if the employee reports for work under the influence of alcohol or drugs. Our Policy encourages any employee with a drug or alcohol problem to voluntarily and confidentially seek help through our EAP/SAP program. Coming forward after you have been notified to report for testing is not considered a voluntary report. For confidential help with a substance abuse problem, contact the DER or the EAP/SAP. Counseling and rehabilitation for alcohol or substance abuse is available through the EAP, and may also be available under the health and welfare benefit program for employees, *only to the extent of the current benefits package*. The Borough of Madison will assume no direct financial responsibility for counseling or rehabilitation costs of an employee, not covered by the EAP. Any costs in addition to or in excess of any available health benefits are the employee's responsibility. A list of state and national **Substance Abuse Resources** is a part of this Policy.

WHAT ABOUT A LAST CHANCE OPPORTUNITY?

No last chance opportunity is available to a probationary, part time or temporary employee, or in the case of refusal, attempted adulteration, substitution, switching, tampering with, or diluting of a specimen or attempt to defraud a drug test. Employees who receive an EAP/SAP evaluation favorable for rehabilitation may be offered a last chance agreement which will subject the employee to unannounced follow-up testing for up to 12 months, together with other educational and counseling requirements as recommend by the EAP/SAP. A negative return to duty test is required to be placed back on active duty. A positive test, refusal

or failure to comply with any term of the last chance agreement during this follow-up period will subject the employee to immediate termination.

WHY AND WHEN DO WE TEST?

- Pre-employment: Drug testing will be performed on all final applicants for safety-sensitive positions, or who transfer into a safety-sensitive position, as a condition of their employment.
- Routine Fitness-for-Duty: Safety-sensitive employees may be required to submit to a drug test as part of a routine Fitness-for-Duty examination and may be based on a particular job classification.
- Reasonable Suspicion: All employees will be required to submit to a drug and/or alcohol test if the Borough of Madison has a reasonable suspicion that an employee is under the influence of drugs or alcohol, which adversely affect or could adversely affect the employee's job performance. Employees selected for testing shall be suspended until a negative drug/alcohol screen or laboratory test result is received. If a negative result, the employee will not suffer a loss of pay.
- Post-Accident/Incident Testing: Testing of a safety-sensitive employee may be conducted under any of the following circumstances: 1) the employee involved in the incident/accident was actively engaged in the activity which objectively could have caused or contributed to the injury or damage; or 2) the employee was operating, controlling, or repairing any machinery, tool, device, equipment or vehicle that was involved in the incident/accident; or 3) the employee's action or inaction was likely a contributing factor to the incident/accident or cannot be completely discounted as a contributing factor based on current info; or 4) testing is being conducted as part of the Borough of Madison's Post Incident/Accident Investigation related to possible Workers' Compensation Disqualification; or 5) testing is being conducted for other non-injured employees whose actions, or inaction, could have contributed to the incident/accident as part of a root cause investigation; or 6) post-accident drug testing is required by the Workers' Compensation Carrier or Fund.
- Random: Employees in safety-sensitive positions are subject to random drug testing. Those subject to testing are randomly selected, using scientifically valid methods, from a "pool" of covered employees. Non-DOT safety-sensitive employees may be included in a Non-DOT testing "pool." DOT regulated employees should only be placed in a DOT testing "pool."
- Rehabilitation/Follow-up: An employee who has voluntarily requested rehabilitation prior to a positive drug test may be subject to unannounced drug and/or alcohol testing under a work continuation agreement, to determine whether he or she is under the influence of alcohol or drugs after successful completion of the rehabilitation program. The testing will be without notice in conjunction with a referral for treatment.

Drug Educational Information Alcohol (Depressant)

Common Forms:	Beer, wine, hard liquor
How Used:	Oral ingestion, patterns of use vary.
Desired Effect:	People drink to relax, to socialize, as a part of a religious ceremony, for the control of physical and emotional pain, or for a variety of other reasons. Its depression of the central nervous system is progressive and continuous. It is a mood-modifying drug that usually provides a temporary feeling of mild euphoria and stimulation. This is a result of the initial depression of the higher centers of the brain which control inhibition. The more you drink, the more sedated you then become.
Time in body:	Depends on many factors, such as body size, amount of alcohol consumed within an hour, and other individual factors. Performance is effected in relation to the amount consumed. Generally, a medium-sized person eliminates the equivalent of one drink per hour. However, "hangover" effects of alcohol have been documented for as long as 14 hours after consuming an intoxicating dose, well after the blood alcohol levels have returned to zero.
Observable effects:	Staggering gait Slurred speech Odor of alcoholic beverage Shaky hands Poor eye-hand coordination Slowed reaction time Eyes react slowly to light - wears sun glasses
Work behavior:	Arrive late, leave early, mis-outs Neglect of physical appearance Restlessness Tremors (hands, face, fingers, lips tongue) Slurred speech Uninhibited - makes inappropriate remarks
Material Indicators:	Empty liquor bottles, cans, often in paper bags Flasks, sometimes disguised as other things
Slang Terms	Booze, juice, hooch, grape, eye-opener, hair-of-the-dog, brew, suds, etc

Amphetamines (Amphetamine and Methamphetamine) Stimulant

Common forms:	Amphetamine - usually capsules or white, flat, double-scored pills. Methamphetamine - white or granular powder, often packaged in aluminum foil or plastic bags.
How used:	Orally, sniffed up the nose, or injected.
Desired effects:	Most commonly sought after effects include euphoria, postponement of fatigue, increased energy, alertness and feelings of personal power. Repeated or chronic use often causes a strong dependence reaction and a schizophrenic loss contact with reality. Users coming off the drug experience extreme fatigue-induced sleep ("crash"), often followed by continued fatigue and depression.
Time in body:	Injection or sniffed up the nose; "rush" felt within 1 minute. Orally, effects felt within about ½ hour. Single doses detectable for about 48 hours.
Observable effects:	Dilated pupils. Flushed face, rapid respiration, profuse sweating. Hyper-excitability, talkativeness, restlessness. "Stereotypic" behavior often seen: person

engages in repetitive tasks or mannerisms for extended periods of time. In large doses, inability to concentrate, confusion, panic.

Work behavior: Try to do job beyond competence level. Impaired ability to operate equipment. Takes chances, risks.

Material Indicators: Pills, capsules, white powder, granular crystals
Foil wrapped tubes, baggies. Hypodermics and paraphernalia for injections

Slang terms: Defies, bennies, speed, crank, ice, crystal, white crosses, black beauties

Cocaine - A Stimulant

Common forms: Cocaine - White crystalline powder. Free-base cocaine (crack) - white granular "rocks"

How used: Cocaine--usually snorted up the nose through a straw or from a "coke spoon" after being chopped to a fine powder with a razor blade. "Crack" -- freebase cocaine--is a processed version which is vaporized in a pipe and inhaled. Either form may also be injected.

Desired effect: Most commonly sought after effects are euphoria, stimulation, postponement of fatigue and feelings of personal power. The "high" lasts approximately one hour, with a "down" follow-on period. Psychological and physical dependence to "crack" after one to two uses; dependency to snorted coke takes longer to develop.

Time in Body: Single doses detectable for 12-24 hours

Observable effects: Dilated pupils. Talkativeness, restlessness. Sniffing, runny nose, irritated or bloody nose. Dramatic mood swings, from "down" to "up" in minutes. Sense of power sometimes manifested in aggressiveness

Work issues: Frequent trips "to the restroom"—secluded place. Frequent sick-outs and unexplained absences. Hyper-excitability and over-reaction to stimulus. Isolation/withdrawal from friends and activities. Financial problems--borrows, steals and/or sells to support habit. Insomnia, restlessness, lack of sleep

Material Indicators: Small folded paper envelopes (bindles), plastic bags, small vials used to store drug. Razor blades, mirrors, cut off straws, coke spoons. Small glass pipes, and heat sources used to volatilize crack.

Slang terms: Coke, snow, toot, crack, blow, happy dust, "C"

Marijuana

Common forms: Dried green-brown flowers and leaves of the hemp (cannabis) plant--also as compressed tar like lumps (hashish) and sometimes as an oil to be spread on cigarettes (hash oil).

How used: Generally smoked in hand-rolled cigarettes (joints) or a small pipe, sometimes eaten in baked goods or steeped to make a tea.

Desired effects: Effects are somewhat dependent on the user and potency of the plant. Low doses tend to produce a dreamy state of relaxation and euphoria with changes in sensory perceptions (usually intensified) and alteration in thought formation and expression. Higher doses intensify these reactions with fragmentation of thought, memory impairment, shortened attention span, and illusions of insight. Marijuana currently sold on the street is 10 times more potent today than in past years.

Time in body: Marijuana dissolves in body fat cells and is detectable for extended periods of time--up to seven (7) days for occasional users and four (4) weeks or longer for chronic users

Observable effects: Red bloodshot glassy eyes (users often wear dark glasses and use eye drops to combat). Poor muscular control. Rambling, disconnected speech patterns. Euphoria--as laughing out of context. Getting "hung up" - i.e. going into the bathroom to comb your hair and coming out two hours later. Distinctive odor in air and/or on clothing.

Work issues: Lack of attention, vision and auditory changes, and poor muscular control. Inability to respond to emergencies and sudden situational changes. Frequent sick-outs and mis-outs. Lackadaisical "I don't care" attitude about person and work. Chronic health problems for frequent users--persistent cough, fatigue, frequent sickness.

Material indicators: Baggies of green-brown vegetable matter; rolling papers; small pipes (for marijuana) and very small pipes (for hashish); "roach clips" to hold the burned end of the marijuana cigarette; "roaches" discarded on the floor or in ash trays; distinctive odor of marijuana in the air.

Slang terms: Dope, grass, reefer, weed, ganja, pot, etc.

Opioids (Morphine and Codeine)--Narcotic Depressants

Common forms: Street forms are pills, liquids and powders. Morphine is derived from opium. Opium dissolved in alcohol, containing 10% morphine, is legally available in many states as "paregoric."

Morphine and codeine are widely used medicinally. Morphine is a naturally occurring alkaloid, and is also found in products containing poppy seeds. Heroin is a semi-synthetic derivative of morphine.

How used: Opium is usually smoked. Codeine is most commonly taken orally. Heroin and morphine are injected; powders can be snorted; cigarettes can be dipped in paregoric and smoked.

Desired effects: Most commonly effects include euphoria, relief from pain, and a feeling of dissociated well-being. Low maintenance doses allow the addict to function on a daily basis. The heroin user experiences a "rush" described as a very pleasurable whole body reaction lasting 5-10 minutes, followed by several hours of mental and physical relaxation.

Time in body: Single doses are usually detectable for 48-72 hours.

Observable effects:	Pinpoint pupils. Sweating, nausea, vomiting in novice users. "Nodding off"--the head drooping toward the chest, then bobbing up. Overly calm, detached facial expression. Confusion, mental dullness and slurred speech. Needle marks over veins.
Work issues:	Increased sick-outs, mis-outs. Lack of interest in work, no attention to detail. Sharing of needles brings a high risk of contracting hepatitis and/or AIDS. High cost of the addiction may lead to borrowing money, stealing and selling (on or off the premises).
Material indicators:	Foil or paper "bindles" for holding the drug. Charred spoons or bottle caps, used to cook the drug. Multiple burned matches used to cook the drug. Needles, syringes, eye droppers used for injection. Balloons or prophylactics used to hold drug. Bloody tissue papers, blood on shirt sleeves.

How used:	Usually smoked with tobacco or marijuana, but may be injected, swallowed, eaten or snorted.
Desired effects:	Users report desirable feelings of immobility, numbness, and detachment. Other sought-after effects include feelings of strength, power, and invulnerability, a dream-like detachment from reality (often coupled with lack of coordination).
Time in body:	Usually detectable 1- 8 days, but chronic users may test positive for several weeks following the last dose.
Observable effects:	Low doses: Sedated, euphoric, uncoordinated behavior. Wide mood swings. Sparse and purposeless speech. Muscle rigidity and jerky eye movements (nystagmus).
High doses:	Coma-like states with muscle rigidity and staring, half-closed eyes. Sudden stimuli may send the user into a psychotic state, with extreme agitation, violent behavior, abnormal strength, and inability to speak or comprehend.
Work issues:	Wide mood swings, unpredictable behavior, aggressive. Tremendous liability in the work force.
Material indicators:	Cigarettes that look as if they have been wet. Crystals, liquids or powders in small vials. Folded aluminum foil or paper packets.

This Policy highlights the Borough of Madison's New Jersey Drug-Free Workplace Policy. The Borough of Madison Designated Employer Representative (DER) is Ken O'Brien. The Alternative DER is Sandra Emmerich.

The Borough of Madison recognizes the prime importance to the Borough of Madison of protecting the safety, health and welfare of its employees and others with whom we interface such as citizens, contractors and members of the public. The objective of this policy is to maintain a working environment free from the effects of substance abuse. While the Borough of Madison has no intention of intruding into the private lives of its employees, or preventing them from taking the medicine that they may need to stay safe and healthy, the Borough of Madison does expect employees to report to work unimpaired able to perform the duties of their job safely and effectively. In addition to absenteeism and accidents, substance abuse can adversely affect performance, productivity and workplace morale. Co-workers may feel that they have to cover up, or work harder because of someone's alcohol or drug use. Ultimately an employee with an alcohol or drugs problem may lose their job and/or suffer devastating effects on their health. The Borough of Madison has a duty to safeguard its employees and the public from the risk of harm from employees who work under the influence of alcohol and drugs. Similarly, employees who know that a fellow employee is working under the influence, owe a similar duty. The failure to honour that duty by taking the right steps to prevent this risk can result in legal liability.

To the extent this Policy supplements, and does not conflict with current collective bargaining agreements, it is applicable.

Notice of the Borough of Madison's New Jersey Non-DOT Drug and Alcohol testing will be provided on vacancy announcement and is posted in conspicuous locations on Borough of Madison premises.

Our program can help improve your health and help you avoid trouble with the law. Even if you do not use drugs or alcohol, this program will make your workplace safer and more productive, the Borough of Madison safer, and will help your friends and co-workers get the help they need. Compliance with this policy is a condition of your hire or continued employment. The Borough of Madison has developed its drug-free workplace policy in compliance with New Jersey Laws, *and the Fourth Amendment to the United States Constitution as it covers employees of governmental entities*. Applicant testing will begin immediately and sixty (60) days after the effective date of

November 1, 2021 all employees are subject to testing as outlined below. The existing drug and alcohol testing program will remain in place until the effective date of this program.

DESIGNATED EMPLOYER REPRESENTATIVE (DER) GUIDELINES ON USE OF FORM TOOLKITS

The following are helpful tips the DER and/or alternate DER may wish to consult in fulfilling their duties and responsibilities:

Getting Started:

Populate the **Drug and Alcohol Testing Policy Development Worksheet** with the information specific to your entity and have this reviewed by legal counsel. As part of this process, you should complete the **Determination of Safety-Sensitive Positions [DFW04]**. That is a significant role in designating those as safety-sensitive in your policy.

Establish date for introduction of the **Drug and Alcohol Testing Policy** to employees. This Policy includes the following parts: (1) Policy, (2) Drug Education Information, (3) Substance Abuse Professionals resource list. You should secure a drug and alcohol awareness video for the meeting and send out notice of meeting date and time. Make a copy of the **Policy** for each employee. **Note:** the **Forms Toolkit** and **DER Guidelines** are not to be given to the employees at the meeting but can be viewed by them at any time.

On the date of the employee awareness training, have an **Employee Awareness Training Session Log** out for employees to sign. Distribute to each employee the following 4 part Policy: **Drug and Alcohol Testing Policy, Drug Education Information, Substance Abuse Professional resource list, and the Active Employee Certificate of Agreement, Receipt of Drug-Free Workplace Policy Consent Form**. Then walk through significant Policy provisions. At the end of the program have each active employee sign the **Active Employee Certificate of Agreement Receipt of Employee Policy Statement Consent Form [DFW01]** and place in their personnel file.

Establish a time and date to conduct reasonable suspicion training for supervisors. This training should be one hour for alcohol and one hour for drugs and conducted by someone who can issue certifications of such training.

Prepare file folders for your Drug and Alcohol Testing Policy records retention and maintain these files separate from personnel files as you would medical records.

Select a Certified Medical Review Officer, Laboratory, collection site and Third Party Administrator to assist with your program.

Applicant/Employee Testing

Have all applicants sign the **Pre-Employment Substance Testing, Consent and Release Form [DFW02]** before you schedule them for a pre-employment drug test.

If the employee fails to show for testing on time, you should receive a call from the collection site. Failure to show up on time is usually determined to be a “refusal to test” subjecting the employee to discipline or rejection of application under your **Policy**. If there is a refusal, you may wish to consider faxing an **Acknowledgment of Consequences of Refusal to Participate in Drug or Alcohol Testing [DFW03]** to the collection site while the employee is still present.

CMRO Report

You should get to know your Certified Medical Review Officer (CMRO) and request that he/she explain their role and answer your questions.

Post-Accident

In the event the employee is involved in a work place accident, check that the employee is drug tested in accordance with your Policy and worker’s compensation requirements.

Reasonable Suspicion

The trainer that you have selected for Supervisory Reasonable Suspicion training should be able to provide you both Contemporaneous and Long-term Observation checklists.

Refusal to Submit to Testing

Use **Acknowledgment of Consequences of Refusal to Participate in Drug or Alcohol Testing [DFW03]** and have two (2) supervisors sign verifying that refusal.

Removal from Safety-Sensitive Duty on a Verified Positive or Refusal

Do not wait on the CMRO’s written report but act upon the CMRO’s oral report of verified positive drug test, adulterated or substituted drug test.

COMPUTER USE, ELECTRONIC MAIL, AND INTERNET POLICY

The Borough of Madison's e-mail, voicemail, computer systems and Internet service are for official Borough of Madison business and use for all other non-business purposes during working time is prohibited. "Working time" shall be defined as any time in which the employee is engaged in or required to be performing work tasks for the Borough of Madison. Working time excludes times when employees are properly not engaged in performing work tasks, including break periods and meal times. This includes, but is in no way limited to, the use of computers or Borough of Madison-issued mobile devices, use of social networking, gaming or TV/video.

Note: All e-mail, voicemail, text, and internet messages are official documents subject to the provisions of the Open Public Records Act ("OPRA"), N.J.S.A. 47:1A-1 et seq.

The Borough of Madison operates in an environment where the use of computers, e-mail and the Internet are essential tools for certain employees. Those employees are encouraged to use computers, e-mail and the Internet; however, it is the responsibility of the employee to guarantee that these systems are solely used for business-related purposes during working time, (as defined above) and are used in a proper and lawful manner at all times.

- Employees are advised that all computers owned by the Borough of Madison are to be used for business purposes only during working time (as defined above), and that they have no expectation that any information stored on an Borough of Madison computer is private. Because e-mail messages are considered as business documents, the Borough of Madison expects employees to compose e-mails with the same care as a business letter or internal memo.
- Downloading or misusing software available through the Internet could violate copyright laws or licensing requirements.
- Personal use of any computer during working time (as defined above) is prohibited, unless expressly authorized by the employee's supervisor.
- The Borough of Madison reserves the right to block or cancel an employee's access to Internet sites or the Internet as a whole while using business computers or on the Borough of Madison's time.
- The e-mail, telephone, and Internet systems, as well as the messages thereon, are the property of the Borough of Madison.
- The Borough of Madison reserves its right to monitor its computer systems, including but not limited to, e-mail messages, computer files and Internet usage, with or without notice, at any time, at the Borough of Madison's discretion. The Borough of Madison also reserves the right to access and disclose such communications and recordings to third parties in certain circumstances. Therefore, employees shall have no expectation of privacy in any transmissions made or received using Borough of Madison computers or email accounts.

- Employees must be aware that the mere deletion of a file or message may not fully eliminate that file or message from the system.
- The existence of personal access codes, passwords and/or "message delete functions," whether provided by the Borough of Madison or generated by the employee, do not restrict or eliminate the Borough of Madison's access to any of its electronic systems as the employees shall be on notice that they should not have any expectation of privacy when using these systems.
- Employees shall not share personal access codes or passwords, provide access to an unauthorized user, or access another's e-mail or Internet account without authorization.
- The Borough of Madison's network, including its connection to the Internet, is to be solely used for business-related purposes during working time (as defined above). If permission is granted, an employee's personal use of the Borough of Madison's computer, e-mail and connection to the Internet shall not interfere with the employee's duties and shall comply with the Borough of Madison's policies and all applicable laws.
- Any messages or transmissions sent outside of the organization via e-mail or the Internet will pass through a number of different computer systems, all with different levels of security. Accordingly, employees must not send privileged and/or confidential communications (i.e. Social Security numbers, medical and/or HIPAA protected information, dependent information or other information protected from unlawful disclosure), via e-mail or the Internet unless the message is properly encrypted, and should consider a more secure method of communication for such data.
- Because postings placed on the Internet may display the Borough of Madison's address or other Borough of Madison -related information, and thus reflect on the Borough of Madison, make certain before posting such information that it exhibits the high standards and policies of the Borough of Madison. Under no circumstances shall data of a confidential nature (i.e. Social Security numbers, medical and/or HIPAA protected information, dependent information or other information protected from unlawful disclosure) be posted on the Internet.
- If you identify yourself as an employee in any manner on any internet posting or blog, comment on any aspect of the Borough of Madison's business or post a link to the Borough of Madison, you must include the following disclaimer in an openly visible location: "the views expressed on this post are mine and do not necessarily reflect the views of the Borough of Madison or anyone associated/affiliated with the Borough of Madison."
- Subscriptions to news groups or mailing lists are permitted only when the subscription is for a work-related purpose and authorized by the Borough Administrator. Any other subscriptions are prohibited.
- All files downloaded from the Internet, e-mail attachments or the like should be checked for possible viruses. If uncertain whether your virus-checking software is current, you must check with the Borough of Madison's Director of Technology before downloading.

- Any "unauthorized use" of e-mail or the Internet is strictly prohibited while at work or while using an Borough of Madison computer. "Unauthorized use" includes, but is not limited to: connecting, posting, or downloading obscene, pornographic, violent, sexually suggestive, or discrimination based material; attempting to disable or compromise the security of information contained on the Borough of Madison's computer systems; or sending or receiving obscene, violent, harassing, sexual or discrimination based messages. If an employee receives a message that is representative of an "unauthorized use" of the Employer's electronic media from someone outside of the Borough of Madison, it is the employee's duty to immediately inform the sender of such materials that he or she must refrain from sending such materials.
- Your Internet postings SHOULD NOT VIOLATE ANY OTHER APPLICABLE BOROUGH OF MADISON POLICY, including, but not limited to, the following: the Borough of Madison's Anti-Harassment and Discrimination Policies.
- Borough of Madison business which is conducted by an employee on his or her personal computer or device is subject to this policy and may be subject to the provisions of OPRA.

Any employee who violates this policy shall be subject to disciplinary action, up to and including termination. This policy shall not be construed to restrict employees' rights to share information about their employment terms and conditions communicate with each other; or engage in other concerted activities for their mutual aid and protection.

Social Network Postings

For purposes of this policy, a social network is defined as a site that uses internet services to allow individuals to construct a profile within that system, define a list of others users with whom they share some connection, and view and access their list of connections and those made by others within that system. The type of network and its design vary from site to site. Examples of the types of internet based social networking activities include: blogging, networking, photo sharing, video sharing, microblogging, podcasting, as well as posting comments on the sites. The absence of, or lack of explicit reference to a specific site or activity does not limit the extent of the application of this provision.

The use of the internet and social networking sites, including but not limited to Snapchat, Facebook, and Twitter, is a popular activity; however, employees must be mindful of the negative impact of inappropriate or unauthorized postings upon the Borough of Madison and its relationship with the community. This provision identifies prohibited activities by employees on the internet where posted information is accessible to members of the general public, including, but not limited to, public postings on social networking sites.

Specifically, the Borough of Madison reserves the right to investigate postings, private or public, that violate work-place rules, such as the prohibition of sexual harassment and other discriminatory conduct, where such postings lawfully are made available to the Borough of Madison by other employees or third parties. Employees should use common sense in all communications, particularly on a website or social networking site accessible to anyone. If you would not be comfortable with your supervisor, coworkers, or the management team reading your words, you should not write them.

Be advised that employees can be disciplined for commentary, content, or images that are defamatory, pornographic, proprietary, harassing, libelous, or that can create a hostile work environment. You can also be sued by agency employees or any individual who views your commentary, content, or images as defamatory, pornographic, proprietary, harassing, libelous or creating a hostile work environment. What you say or post on your site or what is said or posted on your site by others could potentially be grounds for disciplinary action, up to and including termination. However, nothing in this social networking policy is designed to interfere with, restrain, or prevent social media communications during non-working hours by employees engaging in protected concerted activities regarding wages, hours, or other terms and conditions of employment pursuant to the New Jersey Employer-Employee Relations Act or to prevent communications which are protected by the First Amendment freedom of speech clause, unless such communications are made as part of the employees' official job duties.

TELEPHONE AND PERSONAL COMMUNICATION USAGE POLICY

Land-line Telephones. Borough of Madison telephones are for official business use only during working time. Charges for all other usage, including personal calls and unauthorized use of such devices, must be reimbursed to the Borough of Madison. Working time shall be defined as any time in which the employee is engaged in or required to be performing work tasks for the Borough of Madison, and excludes times when employees are properly not engaged in performing work tasks, including break periods and meal times.

Employer-Issued Mobile Phones/Devices. Employer-issued mobile devices may be issued to certain employees in the course of their employment with the Employer. Such Employer-issued devices are the sole and exclusive property of the Employer and are only to be utilized by employees in the course and scope of their employment during working time (any time in which the employee is engaged in or required to be performing work tasks for the Employer not to include times when employees are properly not engaged in performing work tasks, including break periods and meal times.) Employees will be charged for costs incurred due to their personal use of such devices. Accordingly, the Employer reserves the right to monitor the use of the Employer-issued cell-phones without notice, at any time, and any such data collected from the mobile device equipment is the sole and exclusive property of the Employer to be used for any purpose.

Similarly, the Employer reserves the right to review the manner and use of these mobile devices and physically inspect the equipment at any time with or without notice. Accordingly, the employee shall have no reasonable expectation of privacy in any transmissions made or received using an Employer-issued mobile device.

Employees are expected, at all times, to respect the integrity of the Employer-issued mobile devices and to maintain the equipment in proper working condition. If an employee discovers or recognizes that the mobile device is not in proper working condition, it is the employee's responsibility to bring this fact to the attention of his or her supervisor immediately.

All cell phone and landline voice mail messages are official documents subject to the provisions of the Open Public Records Act

Upon termination of employment or in the instance of an upgrade to the employee's phone or service, the employee must return the Employer-issued device to the Employer.

Prohibited Use of Personal Communication Devices. To alleviate distraction and disruption of regular work routines, personal communication devices are strictly prohibited from use during working time (any time in which the employee is engaged in or required to be performing work tasks for the Employer not to include times when employees are properly not engaged in performing work tasks, including break periods and meal times.) while in work areas, except where the Employer has provided such device(s) to

employees for business use, or in case of an emergency (such as illness, accident, and calls of a similar emergent nature).

Employees are prohibited from using their personal communication device to copy and/or upload any, confidential information (i.e. Social Security numbers, medical and/or HIPAA protected information, dependent information or other information protected from unlawful disclosure). Employees must make reasonable efforts to obtain supervisor approval prior to making emergency calls during working time. Personal communication devices are defined as, but not limited to, cellular or two-way phones, text-messaging devices, iPhones, Android-enabled devices, BlackBerrys and pagers.

The use of ANY hand-held cell phones while driving Borough of Madison vehicles or while driving on Borough of Madison business is strictly prohibited. Any abuse of the above policy regarding Borough cell phones or personal cell phones will be dealt with appropriately and disciplinary action will be taken if necessary.

Other Personal Electronic Devices. Employees are not permitted to utilize electronic devices such as personal laptops, game systems, MP3 players, portable DVD players or any other type of personal entertainment systems while at work.

Violation of this policy may subject an employee to disciplinary action up to and including termination.

These records shall include: dates of appointments, transfers, promotions and terminations, job titles, salaries, commendations, complaints, performance evaluations, disciplinary actions, amount of leave accrued and used, a record of the employee's training and other related matters, and attendance records.

Personnel records may also be available to the Borough Administrator, other members of management, the Borough of Madison's legal counsel, and members of the governing body on a need-to-know basis in connection with official duties. Additionally, the Borough of Madison will make the records available as required by law.

Employees should provide the Borough of Madison with at least twenty-four (24) hours advance notice of his or her need for an appointment to review his or her personnel file. To protect the integrity of the personnel files, the employee will review the personnel file in the presence of the human resources official or his/her designee. CONTAGIOUS/LIFE THREATENING ILLNESS POLICY

The Borough of Madison is committed to providing and maintaining a healthy and safety work environment which allows all employees to perform their jobs in a safe and productive manner. The Employer respects the dignity and worth of every employee through its Equal Opportunity Employment statement, which explains its policy and practice with respect to prohibiting discrimination in every phase of employment. The Borough of Madison provides support for individual employees who may be facing the trauma of a life-threatening or catastrophic illness. The purpose of this policy is to support the physical and emotional health of all employees, minimize disruptions of productivity and morale caused by the presence of a worker with a life-threatening illness, and demonstrate the Borough of Madison's continued commitment to its affirmative action goals related to physically disabled employees.

If an employee has learned that he or she has a contagious or life threatening illness, including but not limited to HIV/AIDS, the employee should take all steps to protect further spread of the disease or illness. When appropriate, the employee's Department Head should be notified of any illnesses that may affect the health, safety, and welfare of any co-employee or member of the general public. Employees with such conditions, who are able to meet appropriate standards and whose continued employment does not pose a threat to their own health and safety or that of others, are assured equal employment opportunities and reasonable accommodations in their employment. If an employee is able to work, he or she is expected to be productive.

Consistent with the concern for employees with life-threatening illness, the Borough of Madison offers the following resources through the human resources official:

- 1) Employee education and information on terminal illnesses and specific life-threatening illnesses.
- 2) Referral to agencies and organizations which offer supportive services for life-threatening illnesses.
- 3) Consultation in assisting employees in efficiently managing health, leave and other benefits. The Borough of Madison encourages employees who need these resources to contact the human resources official.

DISCIPLINE AND TERMINATION POLICY

Corrective disciplinary action, as appropriate, will be taken against any employee found to be in violation of established procedures. All disciplinary action shall be based upon total concern for the employee, the employee's relationship with his/her fellow workers, the employee's relationship with his/her supervisor, and the best interest of the Borough of Madison. Such disciplinary action shall be of a positive, educational and corrective nature, and shall not be used in an abusive or vindictive manner.

Should a supervisor believe that an employee is not conforming to the Borough of Madison's policies and rules or to specific instructions, or has acted improperly, the supervisor will first privately discuss the matter with the employee to obtain the employee's view. If the supervisor determines that the employee has acted improperly, the supervisor shall take one of the following actions depending upon the gravity and the employee's past record. At the discretion of the supervisor and the Borough Administrator, action may begin at any step, and/or certain steps may be repeated or by-passed.

- **Verbal Reprimand:** Depending on the circumstances, the supervisor may verbally notify the employee that the employee's actions have been improper and warn the employee against further occurrences. The supervisor will prepare a record of the verbal reprimand including the date, time and what was discussed with the employee. This record must be forwarded to the Personnel Department for the employee's official personnel file.
- **Borough Administrator Review:** Should the supervisor consider the offense sufficiently serious to warrant consideration by the Borough Administrator, the employee will be so advised and a meeting arranged with the Borough Administrator at the earliest possible date. All facts should be detailed at this meeting and, if possible, a determination will be made at that time of disciplinary action, if any.
- **Written Reprimand:** When a supervisor determines that a written reprimand is appropriate, the situation must be discussed with the Borough Administrator. The reprimand should clearly identify the problem and outline a course of corrective action within a specific time frame. The employee should clearly understand both the corrective action and the consequence (i.e., termination) if the problem is not corrected or reoccurs. The employee should acknowledge receipt of the warning and may include additional comments. A copy of the written reprimand with the signed acknowledgement and comments must be forwarded to the Personnel Department for the employee's official personnel file.
- **Suspension:** Whenever an employee is recommended for suspension, the Borough Administrator will make the decision and may seek the advice of the Labor Attorney if appropriate. Suspended employees may request a hearing.

Dismissal: Whenever an employee is recommended for dismissal, the Borough Administrator and Borough Council will make the decision only after seeking the advice of the Labor Attorney. There must be a complete review of the employee's personnel file and all other facts to determine if there is sufficient cause for the dismissal. Terminated employees may request a hearing

An employee may be subject to discipline, including termination, for any of the following reasons:

- Incompetency, inefficiency or failure to perform duties;
- Insubordination;
- Inability to perform duties;
- Chronic or excessive absenteeism or lateness;
- Conviction of a crime;
- Conduct unbecoming a public employee;
- Neglect of duty;
- Misuse of public property, including motor vehicles;
- Discrimination that affects equal employment opportunity, including sexual harassment;

DOMESTIC VIOLENCE POLICY

PURPOSE

The purpose of the State of New Jersey Domestic Violence Policy for Public Employers (herein "policy") is to set forth a uniform domestic violence policy for all public employers to adopt in accordance with N.J.S.A. 11A:2-6a. The purpose of this policy is also to encourage employees who are victims of domestic violence, and those impacted by domestic violence, to seek assistance from their human resources officers and provide a standard for human resources officers to follow when responding to employees.

DEFINITIONS

The following terms are defined solely for the purpose of this policy:

Domestic Violence - Acts or threatened acts, that are used by a perpetrator to gain power and control over a current or former spouse, family member, household member, intimate partner, someone the perpetrator dated, or person with whom the perpetrator shares a child in common or anticipates having a child in common if one of the parties is pregnant. Domestic violence includes, but is not limited to the following: physical violence; injury; intimidation; sexual violence or abuse; emotional and/or psychological intimidation; verbal abuse; threats; harassment; cyber harassment; stalking; economic abuse or control; damaging property to intimidate or attempt to control the behavior of a person in a relationship with the perpetrator; strangulation; or abuse of animals or pets.

Abuser/Perpetrator - An individual who commits or threatens to commit an act of domestic violence, including unwarranted violence against individuals and animals. Other abusive behaviors and forms of violence can include the following: bullying, humiliating, isolating, intimidating, harassing, stalking, or threatening the victim, disturbing someone's peace, or destroying someone's property.

Human Resources Officer (HRO)—An employee of a public employer with a human resources job title, or its equivalent, who is responsible for orienting, training, counseling, and appraising staff. Persons designated by the employer as the primary or secondary contact to assist employees in reporting domestic violence incidents.

Intimate Partner - Partners of any sexual orientation or preference who have been legally married or formerly married to one another, have a child or children in common, or anticipate having a child in common if one party is pregnant. Intimate partner also includes those who live together or have lived together, as well as persons who are dating or have dated in the past.

Temporary Restraining Order (TRO) - A civil court order issued by a judge to protect the life, health or well-being of a victim. TROs can prohibit domestic violence offenders from having contact with victims, either in person or through any means of communication, including third parties. TROs also can prohibit

offenders from a victim's home and workplace. A violation of a TRO may be a criminal offense. A TRO will last approximately 10 business days, or until a court holds a hearing to determine if a Final Restraining Order (FRO) is needed. In New Jersey, there is no expiration of a FRO.

Victim - A person who is 18 years of age or older or who is an emancipated minor and who has been subjected to domestic violence by a spouse, former spouse, or any other person who is a present household member or was at any time a household member. A victim of domestic violence is also any person, regardless of age, who has been subjected to domestic violence by one of the following actors: a person with whom the victim has a child in common; a person with whom the victim anticipates having a child in common, if one of the parties is pregnant; and a person with whom the victim has had a dating relationship.

Workplace-Related Incidents - Incidents of domestic violence, sexual violence, dating violence, and stalking, including acts, attempted acts, or threatened acts by or against employees, the families of employees, and/or their property, that imperil the safety, well-being, or productivity of any person associated with a public employee in the State of New Jersey, regardless of whether the act occurred in or outside the organization's physical workplace. An employee is considered to be in the workplace while in or using the resources of the employer. This includes, but is not limited to, facilities, work sites, equipment, vehicles, or while on work-related travel.

PERSONS COVERED BY THIS POLICY

All employees are covered under this policy, including full and part time employees, casual/seasonal employees, interns, volunteers and temporary employees at any workplace location.

RESPONSIBILITY OF EMPLOYERS TO DESIGNATE A HUMAN RESOURCES OFFICER

The Borough of Madison hereby designates the following employees as the Primary HRO and Secondary HRO, to assist employees who are victims of domestic violence.

Primary HRO:

Sandra Emmerich, Personnel Director. 973-593-3050

Secondary HRO: Elizabeth Osborne

Elizabeth Osborne, Borough Clerk, 973-593-3041

The designated Primary and Secondary HRO shall receive training on responding to and assisting employees who are domestic violence victims in accordance with this policy.

Managers and supervisors are often aware of circumstances involving an employee who is experiencing domestic violence. Managers and supervisors are required to refer any employee who is experiencing domestic violence or who report witnessing domestic violence to the designated HRO. Managers and

supervisors must maintain confidentiality, to the extent possible, and be sensitive, compassionate, and respectful to the needs of persons who are victims of domestic violence.

The name and contact information of the designated HRO will be provided to all employees.

This policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General Directives and guidelines that impose a duty to report. For example, if there is any indication a child may also be a victim, reporting is mandatory to the Department of Children and Families, Child Protection and Permanency, under N.J.S.A. 9:6-8.13.

DOMESTIC VIOLENCE REPORTING PROCEDURES

Employees who are victims of domestic violence are encouraged to seek immediate assistance from their HRO. Employees who have information about or witness an act of domestic violence against an employee, are encouraged to report that information to the designated HRO, unless the employee is required to report the domestic violence pursuant to applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General directives and guidelines that impose a duty to report, in which case the employee must so report to the appropriate authority in addition to reporting to the designated HRO. Nothing in this policy shall preclude an employee from contacting 911 in emergency situations. Indeed, HROs shall remind employees to contact 911 if they feel they are in immediate danger.

Each designated HRO shall:

- A. Immediately respond to an employee upon request and provide a safe and confidential location to allow the employee to discuss the circumstances surrounding the domestic violence incident and the request for assistance.
- B. Determine whether there is an imminent and emergent need to contact 911 and/or local law enforcement.
- C. Provide the employee with resource information and a confidential telephone line to make necessary calls for services for emergent intervention and supportive services, when appropriate. The HRO or the employee can contact the appropriate Employee Assistance Program to assist with securing resources and confidential services.
- D. Refer the employee to the provisions and protections of The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1 et seq. (NJ SAFE Act), referenced in this policy.
- E. In cases where domestic violence involved a sexual touching or sexual assault between employees, the HRO is also required to report the incident to their agency's EEO Officer or Title IX Officer, **Sandra Emmerich, 973-593-3050**.
- F. If there is a report of sexual assault or abuse, the victim should be offered the services of the Sexual Assault Response Team, **Madison Police Department**.

- G. Maintain the confidentiality of the employee and all parties involved, to the extent practical and appropriate under the circumstances, pursuant to this policy.
- H. Upon the employee's consent, the employee may provide the HRO with copies of any TROs, FROs, and/or civil restraint agreements that pertain to restraints in the work place and ensure that security personnel are aware of the names of individuals who are prohibited from appearing at the work location while the employee who sought the restraining order is present. All copies of TROs and FROs shall be maintained in a separate confidential personnel file.

CONFIDENTIALITY POLICY

In responding to reports of domestic violence, the HRO shall seek to maintain confidentiality to protect an employee making a report of, witnessing, or experiencing domestic violence, to the extent practical and appropriate under the circumstances and allowed by law. Thus, this policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General Directives and guidelines that impose a duty to report.

This confidentiality policy shall not prevent disclosure where to do so would result in physical harm to any person or jeopardize safety within the workplace. When information must be disclosed to protect the safety of individuals in the workplace, the HRO shall limit the breadth and content of such disclosure to information reasonably necessary to protect the safety of the disclosing employee and others and comply with the law. The HRO shall provide advance notice to the employee who disclosed information, to the extent possible, if the disclosure must be shared with other parties in order to maintain safety in the workplace or elsewhere. The HRO shall also provide the employee with the name and title of the person to whom they intend to provide the employee's statement and shall explain the necessity and purpose regarding the disclosure. For example, if the substance of the disclosure presents a threat to employees, then law enforcement will be alerted immediately.

This policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General Directives and guidelines where mandatory reporting is required by the appointing authority or a specific class of employees.

CONFIDENTIALITY OF EMPLOYEE RECORDS

To ensure confidentiality and accuracy of information, this policy requires the HRO to keep all documents and reports of domestic violence in confidential personnel file separate from the employee's other personnel records. These records shall be considered personnel records and shall not be government records available for public access under the Open Public Records Act. See N.J.S.A. 47:1A-10.

THE NEW JERSEY SECURITY AND FINANCIAL EMPOWERMENT ACT

The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1, et seq. (NJ SAFE Act), is a law that provides employment protection for victims of domestic or sexual violence.

The NJ SAFE Act allows a maximum of 20 days of unpaid leave in one 12-month period, to be used within 12 months following any act of domestic or sexual violence. To be eligible, the employee must have worked at least 1,000 hours during the 12-month period immediately before the act of domestic or sexual violence. Further, the employee must have worked for an employer in the State that employs 25 or more employees for each working day during 20 or more calendar weeks in the current or immediately preceding calendar year. This leave can be taken intermittently in days, but not hours.

Leave under the NJ SAFE Act may be taken by an employee who is a victim of domestic violence, as that term is defined in N.J.S.A. 2C:25-19 and N.J.S.A. 30:4-27.6, respectively. Leave may also be taken by an employee whose child, parent, spouse, domestic partner, civil union partner, or other relationships as defined in applicable statutes is a victim of domestic or sexual violence.

Leave under the NJ SAFE Act may be taken for the purpose of engaging in any of the following activities, for themselves, or a child, parent, spouse, domestic partner, or civil union partner, as they relate to an incident of domestic or sexual violence:

- 1) Seeking medical attention;
- 2) Obtaining services from a victim services organization;
- 3) Obtaining psychological or other counseling;
- 4) Participating in safety planning, temporarily or permanently relocating, or taking other actions to increase safety;
- 5) Seeking legal assistance or remedies to ensure health and safety of the victim; or
- 6) Attending, participating in, or preparing for a criminal or civil court proceeding relating to an incident of domestic or sexual violence.

PUBLIC EMPLOYER DOMESTIC VIOLENCE ACTION PLAN

The Borough of Madison has developed the following action plan to identify, respond to, and correct employee performance issues that are caused by domestic violence, pursuant to N.J.S.A. 11A:2-6a, and in accordance with the following guidelines:

- A. Designate an HRO with responsibilities pursuant to this policy.
- B. Recognize that an employee may need an accommodation as the employee may experience temporary difficulty fulfilling job responsibilities.
- C. Provide reasonable accommodations to ensure the employee's safety. Reasonable accommodations may include, but are not limited to, the following: implementation of safety measures; transfer or reassignment; modified work schedule; change in work telephone number or work-station location; assistance in documenting the violence occurring in the workplace; an implemented safety procedure, or other accommodation approved by the employer.
- D. Advise the employee of information concerning the NJ SAFE Act; Family and Medical Leave Act (FMLA); or Family Leave Act (FLA); Temporary Disability Insurance (TOI); or Americans with Disabilities Act (ADA); or other reasonable flexible leave options when an employee, or his or her child, parent, spouse, domestic partner, civil union partner, or other relationships as defined in

applicable statutes is a victim of domestic violence.

- E. Commit to adherence to the provisions of the NJ SAFE Act, including that the employer will not retaliate against, terminate, or discipline any employee for reporting information about incidents of domestic violence, as defined in this policy, if the victim provides notice to their Human Resources Office of the status or if the Human Resources Office has reason to believe an employee is a victim of domestic violence.
- F. Advise any employee, who believes he or she has been subjected to adverse action as a result of making a report pursuant to this policy, of the civil right of action under the NJ SAFE ACT. And advise any employee to contact their designated Labor Relations Officer, Conscientious Employees Protection Act (CEPA) Officer and/or Equal Employment Opportunity Officer in the event they believe the adverse action is a violation of their collective bargaining agreement, the Conscientious Employees Protection Act or the New Jersey Law Against Discrimination and corresponding policies.
- G. Employers, their designated HRO, and employees should familiarize themselves with this policy. This policy shall be provided to all employees upon execution and to all new employees upon hiring. Information and resources about domestic violence are encouraged to be placed in visible areas, such as restrooms, cafeterias, breakrooms, and where other resource information is located.

RESOURCES

This policy provides an Appendix listing resources and program information readily available to assist victims of domestic violence. These resources should be provided by the designated HRO to any victim of domestic violence at the time of reporting.

DISTRIBUTION OF POLICY

WHO will be responsible for distributing this policy to employees, volunteers, and other employees identified above.

WHO will be responsible for updating this policy at least annually to reflect circumstances changes in the organization.

WHO will be responsible for monitoring The Civil Service Commission and the Division of Local Government Services in the Department of Community Affairs for modifications thereto, to public employers.

OTHER APPLICABLE REQUIREMENTS

In addition to this policy, the HRO and the public employer's appointing authority must follow all applicable laws, guidelines, standard operating procedures, internal affairs policies, and New Jersey Attorney General Directives and guidelines that impose a duty to report. Additionally, to the extent that

the procedures set forth in this policy conflict with collective negotiated agreements or with the Family Educational Rights and Privacy Act (FERPA), the provisions of the negotiated agreements and the provisions of FERPA control.

POLICY MODIFICATION AND REVIEW

A public employer may seek to modify this policy, to create additional protocols to protect victims of domestic violence but may not modify in a way that reduces or compromises the safeguards and processes set out in this policy.

The Civil Service Commission will review and modify this policy periodically and as needed.

POLICY ENFORCEABILITY

The provisions of this policy are intended to be implemented by the Civil Service Commission. These provisions do not create any promises or rights that may be enforced by any persons or entities.

POLICY INQUIRIES & EFFECTIVE DATE

Any questions concerning the interpretation or implementation of this policy shall be addressed to the Chair/Chief Executive Officer of the Civil Service Commission, or their designee. This policy shall be enforceable upon the HRO's completion of training on this policy.

LAYOFF

Pursuant to N.J.A.C. 4A:8-1.1 the Borough of Madison may institute layoff actions for economy, efficiency or other related reasons, but will first consider voluntary alternatives. Demotions for economy, efficiency, or other related reasons shall also be considered as layoff actions.

In accordance with N.J.A.C. 4A:8-1.3, the Employer may implement pre-layoff actions to lessen the possibility, extent or impact of layoffs.

GRIEVANCE PROCEDURE

A grievance is any formal dispute concerning the interpretation, application and enforcement of any personnel policy or procedure. A grievance submitted by a union employee will be addressed pursuant to grievance procedure set forth in the applicable bargaining unit agreement. A grievance from a non-union employee must be submitted within five (5) working days after arising. Failure to report a grievance within such time period shall be deemed as a waiver of the grievance. In the event of a settlement or ruling that results in a determination of monetary liability, such liability shall not exceed more than thirty (30) working days prior to the date the grievance was first presented in writing.

- Step One: Any employee or group of employees with a grievance shall communicate their grievance to their supervisor or Department Head who will discuss the matter with the human resources official and/or the Borough Administrator. The supervisor or Department Head will communicate the decision to the employee within five (5) working days.
- Step Two: If the employee is not satisfied with the decision, the employee must submit a written grievance to the human resources officer and/or the Borough Administrator detailing the facts and the relief requested. The decision in Step One will be deemed final if the employee fails to submit a written grievance within five (5) working days of the Step One decision. After consulting with the human resources official and counsel, as appropriate, the Borough Administrator will render a written decision to the employee within five (5) working days after receipt of the written grievance.

The above referenced grievance procedures do not apply to employee complaints made under the Borough of Madison's Anti-Harassment and Discrimination Policies.

EMPLOYMENT REFERENCES

To ensure that individuals who work for the Borough of Madison are well-qualified and have a strong potential to be productive and successful, it is the policy of the Borough of Madison to check the employment references of all applicants at the Borough of Madison's discretion.

Employees should not, under any circumstances, provide another individual with information regarding a current or former employee. Any employee, including Department Heads, who receives a request for reference information should forward the request to the Personnel Department. Generally, unless otherwise required by law, the Borough of Madison will only confirm employees' name, title, salary, compensation, dates of service, reason for separation, if applicable, and specific educational or medical qualifications required for employment. The Borough of Madison's response to a request for reference information shall be communicated in writing only. The Borough of Madison does not honor oral requests for employment references.

A current or former employee may also authorize the Employer to release additional information. Unless otherwise required by law, the Borough of Madison will only release additional information if the current or former employee provides authorization, in writing.

NEPOTISM

The hiring, promoting, transferring, demoting or reassigning of relatives is prohibited if the employment of such an individual would result in the creation of a prohibited employment relationship.

A prohibited relationship is created when:

1. One relative would have the authority to supervise either directly or from one level above, appoint, remove, discipline, evaluate or otherwise affect the work or employment of another relative.
2. The relative would be responsible for auditing the work of the other.
3. Other circumstances exist which would place the relatives in a situation of actual or reasonably foreseeable conflict between the Borough of Madison's interest and their own.

Employees who marry or become related by marriage may continue in their employment if the marriage does not result in the creation of a prohibited relationship. Where the marriage results in the creation of a prohibited relationship, the Borough of Madison will explore potential accommodations including the reassignment of one or both employees to available positions for which the employees are qualified. Relative includes spouse, parent, step-parent, child, step-child, sibling, step sibling, half-sibling, father-in-law, mother-in-law, sister-in-law, brother-in-law, grandparent, grandchild, aunt, uncle, niece, nephew, and first cousins.

This policy applies to all employees hired, promoted, transferred, demoted, or reassigned on or after the date of adoption and to all prohibited relationships created on or after the date of adoption.

NO SMOKING POLICY

The New Jersey Legislature has declared that in all government buildings the rights of non-smokers to breathe clean air supersedes the rights of smokers. In accordance with State law, the Borough of Madison has adopted a smoke-free policy for all buildings. Borough of Madison facilities shall be smoke-free and no employee or visitor will be permitted to smoke anywhere in Borough of Madison buildings. The Borough Administrator shall designate areas outside the Borough Buildings where smoking will be permitted. Smoking inside vehicles owned by the Borough of Madison and near equipment that may be sensitive to smoke is also prohibited. This policy shall be strictly enforced and any employee found in violation will be subject to disciplinary action.

PERFORMANCE EVALUATION

The Borough of Madison recognizes that an employee job performance evaluation system is the basis for assisting in employee growth and development. The Borough of Madison requires supervisors to conduct performance appraisals to ensure that:

- (1) each employee receives feedback on objectives, accomplishments, strengths, and areas for improvement;
- (2) each employee receives advice from his or her supervisor on ways to improve performance and has the chance to identify with his or her supervisor areas where greater contribution is possible, or where either feels more development would be beneficial; and
- (3) essential information is recorded concerning strengths and weaknesses of all employees in relation to career development, including potential for advancement and suitability for other positions and training.

The performance evaluation provides the vehicle for a dialogue between the employee and the supervisor and ensures shared expectations of the requirements for the employee's job and the employee's performance in the job. Accordingly, the Borough of Madison will use a performance review/evaluation system for all employees.

During performance reviews, supervisors will consider, among others:

- Initiative, dependability and effort
- Knowledge of work
- Attitude and willingness
- Quantity and quality of work
- Disciplinary record
- Attendance and tardiness

Exceeds Expectations means consistently exceeds established standards in most areas of responsibility. All requirements must be met and objectives achieved above the established standards.

Meets Job Requirements means all job requirements were met and planned objectives accomplished within established standards. There were no critical areas where accomplishments were less than planned.

Needs Improvement means performance in one or more critical areas does not meet expectations. Not all planned objectives were accomplished within the established standards and some responsibilities were not completely met.

Does Not Meet Minimum Standards means performance is unacceptable and important objectives have not been accomplished. Needs immediate improvement.

After completing the evaluation, the reviewer will return the form(s) with the signed acknowledgement to the Borough Administrator. As a part of the evaluation, employees have the right to request a conference with the Borough Administrator or Personnel Department

A copy of an employee performance evaluation shall be maintained in the employee's personnel file.

POLITICAL ACTIVITY

Employees have exactly the same right as any other citizen to join political organizations and participate in political activities, as long as they maintain a clear separation between their official responsibilities and their political affiliations. In accordance with State law, employees are prohibited from engaging in political activities while performing their public duties and from using the Borough of Madison's time, supplies or equipment in any political activity. Political activities include, but are not limited to, advocating the election or appointment of any candidate for office, verbally or otherwise, and soliciting funds for campaigns or campaign materials.

Additionally, State law precludes employees from directly or indirectly using their position to control or affect the political action of another person. In accordance with the Hatch Act and Federal regulations, an employee whose principal employment is with a program financed in whole or in part by Federal funds or loans shall not:

- be a candidate for public office in a partisan election. (This provision does not apply to the elected head of an executive department or an individual holding elective office, where that office is the sole employment connection to federally funded programs.)
- use his/her official authority to influence, to interfere with or affect election results or nominations for office.
- directly or indirectly coerce contributions from any employee to support a political party or candidate. See The Hatch Act, 5 U.S.C. § 1501 et seq.

Violations of either State or Federal laws are serious matters and such violations should not be taken lightly. Any employee engaging in such political activities during working hours will be subject to disciplinary action up to and including termination of employment. Employees who engage in political activities during their non-working hours must not represent themselves as spokespersons for the Employer. Employees should report any violation of this policy to their supervisor or Department Head.

PROTECTION AND SAFE TREATMENT OF MINORS

I. Purpose and Scope:

Under New Jersey law (N.J.S.A. 6-8.21), an abused or neglected child is anyone “under the age of 18 who is caused harm by a parent, guardian or other person having custody or control of that minor.” A child who is under the age of eighteen (18) is considered to be abused or neglected when a parent, caregiver, another child or another adult does one of more of the following:

1. Inflicts or allows to be inflicted physical injury by other than accidental means that creates substantial harm or risk of substantial harm, and/or
2. Fails to provide proper supervision or adequate food, clothing, shelter, education or medical care although financially able or assisted to do so, and/or
3. Commits or allows to be committed an act of sexual abuse against a child.

Child abuse can have long-term effects on victims. A lack of trust and difficulty with healthy relationships is common, as is a core feeling of worthlessness and low self-esteem. There may even be long-term trouble with regulating emotions that can lead to destructive behaviors.

There are typically four common types of abuse:

- The failure to meet a child’s basic needs, physically or emotionally, which is called *neglect*.
- The intentional use of physical force that results in injury, which is called *physical abuse*.
- The practice of any behaviors that harm a child’s feelings of self-worth or emotional well-being, which is *emotional abuse*.
- Engaging in sexual acts with a child including pornography, which is *sexual abuse*.

Unfortunately, statistics reflect that abuse is all too common in any form.

- In New Jersey, abuse reports involving 80,000 children are filed each year. 50,000 of those children receive prevention and post-response services.
- 75% of the cases involve neglect, 18% of the cases involve physical abuse, and psychological abuse accounts for 7% of the cases.
- 55% of the perpetrators are female, while males account for 45%.
- Sadly, child abuse is a vicious cycle, in that 30% of abused children will later abuse their own children.

The statistics and characteristics pertaining to *sexual abuse* are sobering and equally as disheartening:

- ✓ **“Peer-to-Peer”** abuse is by far the most common, where one or more children or adolescent(s) sexually abuses or inappropriately touches another. Legally, the abuser must be at least 4 years older to trigger the statute. The *American Psychological Association* reports this type of abuse is driven by power and dominance, the same factors that drive

bullying within this age group. In fact, bullying can be a precursor to sexual abuse, especially when there is a lack of supervision.

- ✓ In contrast, **“adult-to-child”** abuse is typically thought out and planned in advance, demanding access and privacy and control. These three factors demand a specific type of relationship and setting, meaning that 90% of juvenile sexual abuse victims know their abuser. The scope of the problem is massive: by the age of 18, 1 in 4 girls and 1 in 6 boys have experienced sexual abuse. From those figures, 88% of those molestations are attributed to individuals with pedophilia. ***Pedophilia is a psychotic disorder in which an adult or adolescent demonstrates a primary sexual attraction to prepubescent children.*** It is important, however, not to confuse pedophilia with actual child molestation, as many pedophiles never act on their attractions.
- ✓ Child sexual abusers are not always easy to spot. Though 7 out of every 8 molesters are male, they match the general population in ethnicity, religion, education, and marital status. So there is no stereotype, especially since abusers go to great lengths to blend in. However, only 10% of them abuse children that they don’t know, and 68% look no further than their own families for victims.
- ✓ 40% of abusers first begin molesting children before they themselves reach the age of 15, and the vast majority before the age of 20.
- ✓ Adolescent abusers generally begin their acts of abuse on younger siblings.
- ✓ Most sexual abuse occurs within the family. However, molesters can gain access to children outside of their own families through employment or volunteer work with an organization that works primarily with children. This allows them both time alone with potential victims and the ability to build trust and credibility. In fact, child abusers are often known and respected in their communities for dedication to children.
- ✓ In terms of a victim profile, it is important to remember that, although there are characteristics that make some children more vulnerable, every child is in danger. Passive, lonely or troubled children, especially those who live with step-parents or single parents may be targeted. Children between the ages of 7 and 13 years old are most at risk, and children from low socioeconomic backgrounds or rural areas are more likely to be victimized.
- ✓ Molesters have behavioral patterns that can be identified as **“grooming”** their victims. Sexual abuse is rarely violent. The molester’s goal is to solicit compliance by beginning to win the victim’s trust. There might be pet names, gifts to foster exclusivity and encouragement to “keep secrets.” The molester might begin to spend time with the victim outside of the regular program or schedule, contacting parents to become involved in a child’s life in some capacity, like babysitting. For this reason, many parents are shocked after abuse comes to light simply because the abuser seemed trustworthy. Inevitably, the

favoritism is not enough to keep the victim silent any more, and the abuser resorts to threats—threats that play off of a child’s guilt over the sexual contact.

- ✓ During the grooming process and abuse, victims often begin to show signs such as sexual behaviors or strong sexual language that is too adult for their age. Many children feel at fault after the abuse and begin to suffer guilt and depression, even resorting to self-harm. They may begin to display cuts and scratches or other self-inflicted injuries. However, some children are naïve and unaware of the gravity of the abusive nature of their experience. Research shows that children often delay reporting sexual abuse. They should not be disbelieved just because they waited a long time to seek help.

In the State of New Jersey every level of government has a role in protecting minors.

- At the State level:
 - State law is enforced through the NJ Family Division of the State court system. The court has broad powers including the ability to remove children from dangerous situations
 - The Department of Children and Families, specifically the Division of Child Protection and Permanency, combines all state operations intended to safeguard children into a single, coordinated program working closely with the Courts, legal advocates and law enforcement.
 - The Department of Corrections operates adult prisons and youth correctional centers to deal with perpetrators, while individual counties operate youth detention centers and special purpose schools.
- At the local level:
 - Educational professionals have the most contact with children, meaning they are often the first to detect issues.
 - Housing Authority employees may also frequently come into contact with children.
 - Municipalities and counties operate or sponsor a variety of programs that involve children including but not limited to:
 - Recreation programs
 - Before and After Care programs
 - Youth sports leagues
 - Youth centers
 - Youth in Government programs
 - Junior law enforcement training programs
 - The role of **law enforcement agencies** is especially important. Police officers assist in resolving reported situations, often acting as first identifiers. In New Jersey, police

are given broad authority to protect children, including the authority to remove them from their parents or caregivers without a court order if necessary to prevent imminent danger to a child. Under the **Prevention of Domestic Violence Act**, a law enforcement officer must make an arrest when the officer finds “probable cause” that domestic violence has occurred. This holds even if the victim refuses to make a complaint. The Act is invoked in situations where the victim exhibits signs of injury caused by domestic violence, when a warrant is in effect, or when there is probable cause to believe that a weapon has been involved in an act of domestic violence. Abusers often use psychological tactics or coercive control over their partners, such as making threats to prevent a victim from leaving or contacting friends, family or police. But even if these conditions are not met, an officer may still make an arrest or sign a criminal complaint if there is probable cause to believe acts of domestic violence have been committed. Now if there is no visible sign of injury but the victim states that an injury did, in fact, occur, the officer must take other factors into consideration in determining probable cause.

The Borough of Madison is committed to the safety of all individuals in its community, however, the Borough of Madison has particular concern for those who are potentially vulnerable, including minor children. The Borough of Madison regards the abuse of children as abhorrent in all its forms and pledges to hold its officials, employees and volunteers to the highest standards of conduct in interacting with children. Statistics show that 93% of victims under the age of 18 know the abuser. Further, a perpetrator does not have to be an adult to harm a child but are typically in a caregiver role. They can have any relationship to the child including a playmate, family member, a teacher, a coach, or instructor.

The Borough of Madison is fully committed to protecting the health, safety and welfare of minors who interact with officials, employees, and volunteers of the Borough of Madison to the maximum extent possible. These Policy and Procedures establish the guidelines for officials, employees, and volunteers who set policy for the Employer or may work with or interact with individuals under 18 years of age, and those who supervise employees, and volunteers who may work with or interact with individuals under 18 years of age, with the goal of promoting the safety and wellbeing of minors.

This Model Policy provides guidelines that apply broadly to interactions between minors and officials, employees, and volunteers in programs operated by the Borough of Madison or affiliated programs or activities. All officials, employees, and volunteers are responsible for understanding and complying with this policy.

The Borough of Madison is committed to establishing and implementing safeguards to eliminate opportunities for abuse of children

entrusted to the care of the Borough of Madison. The procedures outlined below shall apply to all officials, employees, and volunteers of the Borough of Madison.

IV. **Recruitment and Hiring of Employees and Vetting of Individuals Volunteering Their Time:**

- i. All prospective employees and volunteers shall undergo a thorough and complete background check, including the following:
 1. **For part-time summer employees who will be interacting with minors, including but limited to lifeguards, camp counselors, coaches, and instructors:**
 - a. National Database Criminal History Search
 - b. National Sex Offender Search

 - b. National Sex Offender Search
 - c. Social Security Trace/Validation
 - d. Education Verification

 - f. Motor Vehicle Record
 - g. Reference Check

Many local governments hire minor children to work in their summer or seasonal programs. It may be difficult to obtain any background information for minors. It is recommended that the local government attempt to verify any past employment between 16 and 18 years of age, with the consent of the parents or guardians.

Recognizing that fingerprint identification checks may not yield results in time for hiring process, the NJMEL assembled a list of qualified vendors for background checks through an RFQ process, and the five vendors on the list along with their contact information can be found at the following link on the NJMEL website. **A list of vendors has also been included in Appendix D.**

<https://njmel.org/wp-content/uploads/2021/05/RFQ-Results-21-02-background-Check-Services.pdf>

Written documentation of the background check shall be maintained by the Borough of Madison in perpetuity.

- ii. Background checks that disclose any negative or questionable results must be reviewed and approved by the Borough of Madison **prior to** the individual being hired and/or working with minors. **Provisional hiring should not be permitted.**

- iii. All prospective employees and volunteers must complete the training adopted by the Borough of Madison **PRIOR TO** starting employment or volunteer service. **In addition to completing the training course adopted by the Borough of Madison,** it is highly recommended that all volunteer coaches shall complete an approved safety clinic such as Rutgers SAFETY Clinic course (*Sports Awareness for Educating Today's Youth*™) which is a three-hour program that meets the "Minimum Standards for Volunteer Coaches Safety Orientation and Training Skills Programs" under (N.J.A.C. 5:52) and provides partial civil immunity protection to volunteer coaches under the "Little League Law" (2A:62A-6 et. seq.) The current Rutgers Safety Clinic Course includes a module on the sexual abuse of minors. If coaches completed the Rutgers course more than five years ago and it did not have any training on the sexual abuse of minors, it is highly recommended that the coaches be required to watch the video on the MEL website. Documentation verifying that the coaches watched and understood their responsibilities must be kept to confirm that the training was completed.
- iv. The Borough of Madison shall periodically re-check and document the Megan's Law directory for New Jersey to make certain that current employees are not listed.
- v. Once employed, authorized Adults who are employed are required to notify the appropriate Personnel Department representative of an arrest (charged with a misdemeanor or felony) or conviction for an offense within 72 hours of knowledge of the arrest or conviction in order to ascertain the fitness of those employees and volunteers to interact with children.

V. Procedures and Responsibilities of Officials:

Under New Jersey Law, an official may be held liable for the abuse or neglect of a child if he or she fails to implement appropriate safeguards to protect the child while the minor has been entrusted to the care of the Borough of Madison. Most importantly, recent changes in the law in New Jersey extended the statute of limitations for child abuse and neglect cases substantially, thus placing local officials and employees at a far greater risk.

A valid cause of action can be filed by an alleged victim well after the official has left office. It is, therefore, critically important for officials to establish and monitor policies and procedures designed to safeguard minors entrusted to the care of the Employer.

- Officials of the Borough of Madison are required to:
 - i. Complete the initial training course adopted by the Borough of Madison, and any updated/refresher course, in order to better understand their legal duties and responsibilities under Federal and NJ State Law. The training program will include the following concepts:
 - Recognizing the signs of abuse and neglect of minors.

- Establishing guidelines for protecting minors from emotional and physical abuse and neglect.
 - Understanding and being prepared to implement the procedures necessary to eliminate opportunities for abuse.
 - Becoming familiar with the legal requirements to report suspected cases of abuse.
 - Fully understanding the legal consequences for not being diligent in making certain that employees of the Employer adhere to all policies and procedures as adopted.
- ii. Meet **annually** with all Department Heads to review the “Policy Addressing Sexual Abuse of Minors”, and to verify that the administration is adhering to this policy which includes all of the following provisions. *If the policy is not being adhered to, it is the legal obligation of the officials of the Borough of Madison to implement whatever changes are necessary as soon as possible to make certain the policy is followed.*

Conduct **random and unannounced** visits to program sites to observe the setup of the programs and conduct of the employees and volunteers of the Borough of Madison

VI. Program Procedures:

All Borough of Madison programs operated by, sponsored by, or affiliated with the Borough of Madison shall comply with the following procedures. In addition to the Code of Conduct, the following shall be a part of the specific program provisions:

- The **recommended** ratio of counselors to program participants should reflect the gender distribution of the participants, and should meet the following:
 1. One staff member for every six participants ages 4 and 5
 2. One staff member for every eight participants ages 6 to 8
 3. One staff member for every ten participants ages 9 to 14
 4. One staff member for every twelve participants ages 15 to 17
- Responsibilities of the counselors must include, at a minimum, informing program participants about safety and security procedures, rules established by the program, and behavioral expectations. VII. **Procedures for Law Enforcement Officers:**

Law enforcement officers of the Borough of Madison frequently interact with minors in a variety of ways. In addition to the guidance provided by the Attorney General’s office, it is important to establish guidelines to assist law enforcement officers in being aware of how to act and react in these circumstances. To that end, the Chief of Police or his or her designee of the Borough of Madison shall formulate a written policy addressing the safe treatment of minors for consideration and approval by the governing body for law enforcement officers who interact with minors.

The policy shall, at a minimum, incorporate and address the following:

- a. **Transporting minors in a police vehicle.** Whenever possible, victims or alleged victims of sexual assault or other crimes, or minors removed from a situation for protective purposes, shall be transported by two officers (at least one of whom shall be of the same sex as the victim) in unmarked vehicles that does not have a prisoner compartment/partition. Officers transporting a minor for whatever reason shall document starting and stopping mileage through radio contact.

IX. Reporting Suspected Child Abuse/Neglect:

In light of the importance and priority placed on safeguarding the health and safety of minors, it is critically important that suspected cases of child abuse and neglect are reported as soon as possible. **As a government official, employee or volunteer, you are legally required to report suspected child abuse. This requirement includes all governmental officials, employees and volunteers.**

The following procedures shall be utilized in reporting suspected cases of abuse. The Borough of Madison shall also train officials, department heads, employees and volunteers in the concept of “dual reporting,” which involves reporting the suspected abuse to local law enforcement in addition to reporting the abuse to the Department of Children and Families. Reporting suspected abuse to law enforcement is critically important in cases where there is potential for violence

Child Abuse is hard thing to talk about, especially with victims. The most important thing to remember is to **show calm reassurance and unconditional support**. Avoid interrogation and leading questions. Understand that denial and embarrassment are common reactions. Don't display disbelief, shock, or disgust. Instead, be reassuring. Make sure the child knows that they did nothing wrong. Reassure them that this is not their fault and make sure they know that you take it seriously.

Interviewing children to investigate sexual abuse requires highly technical expertise. ***Do not “investigate” an abuse situation. Do not interrogate the child.*** The investigation will be undertaken by those who are trained to undertake that critical task. Instead report it immediately as shown below. And finally, keep safety as the priority. If there is the possibility of violence against yourself or the child, get the appropriate professionals or agencies involved as soon as possible and report the abuse to local law enforcement.

As noted, it is highly recommended that, whenever possible, officials, employees and volunteers report the suspected abuse to both the NJ Department of Children and Families and law enforcement at the same time, which is known as “dual reporting.”

For ALL elected officials, appointed officials, supervisors, department heads, full or part time employees or volunteers of programs by the Borough of Madison:

- Report the suspected abuse to the New Jersey Department of Children and Families. Please be prepared to include the following information to the extent the information has been told to you.
 - a. **Who:** The child and parent/caregiver's name, age, and address and the name of the alleged perpetrator and that person's relationship to the child.
 - b. **What:** Type and frequency of alleged abuse/neglect, current or previous injuries to the child, and what caused you to become concerned.
 - c. **When:** When the alleged abuse/neglect occurred and when you learned of it.
 - d. **Where:** Where the incident occurred, where the child is now, and whether the alleged perpetrator has access to the child.
 - e. **How:** How urgent the need is for intervention and whether there is a likelihood of imminent danger for the child.

- Call the Hotline established by the N.J. Department of Children and Families @ 1-877-652-2873. It is not the supervisor's role to decide whether a case should be reported. All cases shall be reported.

- 1. The Officials and Department Heads shall immediately document the alleged abuse in writing including the following information, as recommended by the New Jersey Department of Children and Families:
 - a. **Who:** The child and parent/caregiver’s name, age and address and the name of the alleged perpetrator and that person’s relationship to the child.
 - b. **What:** Type and frequency of alleged abuse/neglect, current or previous injuries to the child and what caused you to become concerned.
 - c. **When:** When the alleged abuse/neglect occurred and when you learned of it.
 - d. **Where:** Where the incident occurred, where the child is now and whether the alleged perpetrator has access to the child.

For Law Enforcement Officers:

- Immediately report any suspected or alleged cases of abuse or neglect to the New Jersey Department of Children and Families.

X. Important Information Regarding Reporting Suspected Abuse Under NJ Law:

The following guidelines have been established under New Jersey law, for those reporting suspected or alleged cases of abuse or neglect. The Borough of Madison encourages all officials, employees, and volunteers in programs operated by the Borough of Madison or affiliated programs or activities to report suspected cases of abuse with the following in mind.

- i. Any person who, in good faith, makes a report of child abuse or neglect or testifies in a child abuse hearing resulting from such a report is immune from any criminal or civil liability as a result of such action. Calls can be placed to the hotline anonymously.*
- ii. However, any person who knowingly fails to report suspected abuse or neglect according to the law or to comply with the provisions is a disorderly person.*
- iii. When a report indicates that a child may be at risk, an investigator from the Division of Child Protection and Permanency (formerly Youth and Family Services) will promptly investigate the allegations of child abuse and neglect within 24 hours of receipt of the report.*

XI. Acknowledgment of Receipt and Review of Policy:

All officials, employees/counselors, and volunteers shall sign and date an acknowledgment form that confirms they have received and reviewed the Policy Addressing the Protection and Safe Treatment of Minors, issued to them by the Borough of Madison . The same process shall be used for any revised policy issued in the future.

Appendix B – Grooming Behavior

Grooming is when someone builds a relationship, trust and emotional connection with a child or young person so they can manipulate, exploit and abuse them.

Here are some common characteristics of someone attempting to “groom” a child.

- Molesters often refer to their intended victims by pet names and use gifts to foster exclusivity and build a relationship while starting the practice of keeping secrets.
- The molester might begin to spend time with the victim outside of the regular program or schedule, contacting parents to become involved in a child’s life in some capacity, like babysitting. For this reason, many parents are shocked after abuse comes to light simply because the abuser seemed so good – too good to be true, in fact.
- Inevitably, the favoritism is not enough to keep the victim, and the abuser resorts to threats—threats that play off of a child’s guilt over the sexual contact.
- During the grooming process and abuse itself, victims often begin to show tell-tale signs including:
 - Sexual behaviors or strong sexual language that is too adult for their age.
 - Many children feel at fault after the abuse and begin to suffer guilt and depression, even resorting to self-harm.
 - Also look for cuts and scratches or other self-inflicted injuries.

SAFETY POLICY

The Borough of Madison endeavors to provide a safe and healthy work environment for all employees and shall comply with the requirements of the Public Employees Occupational Safety and Health Act (“PEOSHA”). The Borough of Madison is equally concerned about the safety of the public.

Employees are responsible for observing safety rules and using available safety devices including personal protective equipment. Failure to do so constitutes grounds for disciplinary action.

Any occupational or unsafe public condition, practice, procedure or act must be immediately reported to the supervisor or Department Head. Any on-the-job accident or accident involving the Borough of Madison’s facilities, equipment, or motor vehicles must also be immediately reported to the supervisor or Department Head and the Borough Administrator. Security is everyone's responsibility. If any employee sees or suspects that an individual is breaching security, it is the employee's responsibility to notify his or her supervisor or Department Head immediately. 1. Any accident which results in the injury of a third party while on the premises.
2. Any incident in which physical force is either used by or against an employee.
3. Any incident which involves a crime, or an attempt to commit a crime, such as robbery or the theft of money.
4. Any incident in which a serious unfavorable reaction from the public might be expected.
5. The loss of Borough of Madison keys.

No driver required to take a post-accident alcohol test under 382.303 shall use alcohol for eight (8) hours following the accident or until he/she undergoes a post-accident alcohol test, whichever occurs first.

REFUSAL TO SUBMIT TO A REQUIRED ALCOHOL OR CONTROLLED SUBSTANCES TEST 382.211

No driver shall refuse to submit to a post-accident alcohol or controlled substances test required under 382.303, a random alcohol or controlled substances test required under 382.305, a reasonable suspicion alcohol or controlled substances test required under 382.307, or a follow-up alcohol or controlled substances test required under 382.311. The Borough of Madison shall not permit a driver who refuses to submit to such tests to perform or continue to perform safety-sensitive functions.

DISCLOSURE OF OFF-DUTY DUI AND DRUG OFFENSE ARREST AN/OR CONVICTION 382.111

Safety Rule requiring mandatory reporting by Drivers of off – duty DUI and Drug Offense Arrest and/or Conviction. In accordance with the authority granted to the Borough of Madison by the DOT in 49 CFR 382.111 to imposed other requirements to prevent alcohol misuse by Drivers, it is mandatory that Drivers disclose to their supervisor by the end of the business day arrest and/or convictions for all alcohol and/or drug related offenses committed while operating any motor vehicle. This will allow the Borough of Madison to immediately remove from safety sensitive functions, Drivers who have engaged in off – duty unsafe behavior related to alcohol or drug misuse (which is directly related to their safety sensitive functions performed for the Borough of Madison) to make determinations as follows: 1) if the Driver is fit for duty; 2) if the Driver is still qualified under DOT regulations to operate a CMV for the

Borough of Madison; 3) if the Driver is still insurable at standard rates under the Borough of Madison fleet policy; and 4) if the Driver can still meet the essential job functions for the position of Driver. It is an Essential Job Function of every DOT regulated Driver that they be qualified and licensed to operate a CMV without the use of a judicially ordered interlocking device, or similar device as part of a diversion or conviction for an alcohol related offence.

PRE-DUTY DISCLOSURE OF ANY IMPAIRING EFFECT MEDICATION OR SUBSTANCES 382.213

(a) No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to the instructions of a licensed medical practitioner, as defined in 382.107, who has advised the driver that the substance will not adversely affect the driver's ability to safely operate a commercial motor vehicle.

(b) The Borough of Madison, having actual knowledge that a driver has used a controlled substance, shall not permit the driver to perform or continue to perform a safety-sensitive function.

(c) The Borough of Madison may require a driver to inform the Borough of Madison of any therapeutic drug use.

All drivers of the Borough of Madison are required, as a safety rule and under DOT regulations, to pre-duty disclosure that they are taking ANY impairing affect therapeutic drug, prescription medication (including medical marijuana), over-the-counter medication, mind altering synthetic or designer drugs or substances which may have an effect on their ability to safely operate a commercial motor vehicle or the performance of safety-sensitive duties. It is an essential function of every driver's position at the Borough of Madison to be able to work in a constant state of alertness and in a safe manner. If the fact that the driver is taking an impairing effect drug, medication or substance is not disclosed pre-duty by a driver, and the driver tests positive or is determined by the MRO to be a potential safety risk due to a drug, medication or substance, that driver will be subject to discipline, up to and including termination for violation of this safety rule. If disclosure is made, the Borough of Madison, in accordance with its authority under 49 CFR Part 391.11(a), reserves the right to send the driver for a Fitness-for-Duty evaluation to evaluate the medication and its possible adverse effects on the driver's ability to safely operate a commercial motor vehicle or the performance of other safety-sensitive duties. In determining whether the employee has a legally valid prescription so as to constitute a legitimate medical explanation, consistent with the Controlled Substances Act (CSA), the MRO will use the CSA standard when conducting his medical review (49 CFR Part 40.137).

In advance of the operation of a commercial motor vehicle, or the performance of other safety-sensitive duties, or testing, drivers are strongly encouraged (and mandated by DOT Regulations) to have their own doctor make an individualized assessment of any safety related risks of the drug, medication or substance which they are taking, providing the doctor a copy of their job description or specific duties, and having the doctor render an opinion on the safety related risks. The driver need not disclose to their supervisor the drug, medication or substance, or the medical condition involved, to fulfill this pre-duty disclosure obligation of this safety policy, but may do so confidentially to the DER. All information

provided will be kept separate from personnel files and in a confidential manner by the DER. The MRO will make the final determination on the driver's ability to safely operate a commercial motor vehicle or the safety related risks of any particular drug, medication or substance, although the Borough of Madison shall make the final determination on whether the driver is qualified to drive/operate a commercial motor vehicle.

CONTROLLED SUBSTANCES TESTING 382.215

No driver shall report for duty, remain on duty or perform a safety-sensitive function, if the driver tests positive or has adulterated or substituted a test specimen for controlled substances. The Borough of Madison, having actual knowledge that a driver has tested positive or has adulterated or substituted a test specimen for controlled substances, shall not permit the driver to perform or continue to perform safety-sensitive functions. In accordance with 49 CFR Part 40.171, when the MRO has notified the driver that he or she has a verified positive drug test and/or refusal to test because of adulteration or substitution, the driver has 72 hours from the time of notification to request a test of the split specimen.

EMPLOYER RESPONSIBILITIES 382.217

No employer may allow, require, permit or authorize a driver to operate a commercial motor vehicle during any period in which an employer determines that a driver is not in compliance with the return-to-duty requirements in 49 CFR part 40, subpart O, after the occurrence of any of the following events:

- (a) The driver receives a positive, adulterated, or substituted drug test result conducted under part 40;

SECTION C - TESTS REQUIRED

TESTS REQUIRED

Required testing includes pre-employment (controlled substances required, alcohol at option of the Borough of Madison), post-accident, random, and reasonable suspicion. Return-to-duty and follow-up-testing is also required if the Borough of Madison allows a "positive" test employee to return to a safety-sensitive function after the required evaluation by a Substance Abuse Professional and the required rehabilitation.

THE BOROUGH OF MADISON RESERVES RIGHT TO CONDUCT NON-DOT DRUG AND ALCOHOL TESTING

In addition to drug and alcohol testing conducted by the Borough of Madison pursuant to 49 CFR Part 40 and 49 CFR Part 382, The Borough of Madison reserves the independent authority to screen and/or test employees under the Borough of Madison's Policy including, but not limited to, laboratory testing and point of collection test (POCT) devices utilizing alternative body specimens including hair, urine and oral fluid (saliva), for the detection of illegal drugs, prescription and over-the-counter medications or substances which have an impairing affect and/or alcohol, taken by those who are considered safety-sensitive employees, as may be permitted and/or restricted by applicable state or local laws or regulations and applicable collective bargaining agreements. The term "illegal use of drugs" includes any mind altering synthetic or designer drugs as well as any controlled or scheduled substance not used in accordance with a health care provider's lawful prescription for the user. These collections will be performed in addition to, and not as a substitute for, DOT regulated tests and these urine specimens will not be poured from or taken from the same specimen collected for a DOT urine test or alcohol test [40.13] and will not be conducted using DOT forms [40.47, 40.227]. This may also include a "zero tolerance" policy for the use of drugs or alcohol.

PRE-EMPLOYMENT 382.301

The MRO has authority to direct the re-collection be observed. If the second test result is also negative-dilute, the Borough of Madison shall accept the result as a negative test.*

(b) the Borough of Madison is not required to administer a controlled substances test required by paragraph (a) of this section if:

(1) The driver has participated in a controlled substances testing program that meets the requirements of this policy within the previous 30 days; and

(i) Was tested for controlled substances within the past 6 months (from the date of application with the Borough of Madison), or

(ii) Participated in the random controlled substances testing program for the previous 12 months (from the date of application with the Borough of Madison); and

(3) the Borough of Madison ensures that no prior employer of the driver of whom the Borough of Madison has knowledge has records of a violation of this policy or the controlled substances use rule of another DOT agency within the previous six months.

(c) (1) If the Borough of Madison exercises the exception in paragraph (b) of this section, the Borough of Madison shall contact the controlled substances testing program(s) in which the driver participates or participated and shall obtain and retain from the testing program(s) the following information:

The records prepared under this paragraph shall be maintained in accordance with 382.401. If the Borough of Madison cannot verify that the driver is participating in a controlled substances testing program in accordance with this policy and part 40 of Federal regulations, the Borough of Madison shall conduct a pre-employment controlled substances test.

(d) the Borough of Madison may, but is not required to, conduct pre-employment alcohol testing under this policy. If the Borough of Madison chooses to conduct pre-employment alcohol testing, it must comply with the following requirements:

(2) It must treat all safety-sensitive employees performing safety-sensitive functions the same for the purpose of pre-employment alcohol testing (i.e., it must not test some covered employees and not others).

(3) It must conduct the pre-employment tests after making a contingent offer of employment or transfer, subject to the employee passing the pre-employment alcohol test.

(4) It must conduct all pre-employment alcohol tests using the alcohol testing procedures of 49 CFR part 40 of Federal regulation.

(5) It must not allow a covered employee to begin performing safety-sensitive functions unless the result of the employee's test indicates an alcohol concentration of less than 0.04.

If a test required by this section is not administered within two hours following the accident, the Borough of Madison shall prepare and maintain on file a record stating the reasons the test was not promptly administered. If a test required by this section is not administered within eight hours following the accident, the Borough of Madison shall cease attempts to administer an alcohol test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

(2) Controlled substance tests. If a test required by this section is not administered within 32 hours following the accident, the Borough of Madison shall cease attempts to administer a controlled substances test, and prepare and maintain on file a record stating the reasons the test was not promptly administered. Records shall be submitted to the FMCSA upon request.

(e) A driver who is subject to post-accident testing shall remain readily available for such testing or may be deemed by the Borough of Madison to have refused to submit to testing. Nothing in this section shall be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit a driver from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

(f) the Borough of Madison shall provide drivers with necessary post-accident information, procedures and instructions, prior to the driver operating a commercial motor vehicle, so that drivers will be able to comply with the requirements of this section.

(g) (1) The results of a breath or blood test for the use of alcohol, conducted by Federal, State, or local officials having independent authority for the test, shall be considered to meet the requirements of this section, provided such tests conform to the applicable Federal, State or local alcohol testing requirements, and that the results of the tests are obtained by the Borough of Madison.

(2) The results of a urine test for the use of controlled substances, conducted by Federal, State, or local officials having independent authority for the test, shall be considered to meet the requirements of this section, provided such tests conform to the applicable Federal, State or local controlled substances testing requirements, and that the results of the tests are obtained by the Borough of Madison.

(b) (1) Except as provided in paragraphs (c) through (e) of this section, the minimum annual percentage rate for random alcohol testing shall be 10 percent of the average number of driver positions.

(2) Except as provided in paragraphs (f) through (h) of this section, the minimum annual percentage rate for random controlled substances testing shall be 25 percent of the average number of driver positions.

(c) (1) The selection of drivers for random alcohol and controlled substances testing shall be made by a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with drivers' Social Security numbers, payroll identification numbers, or other comparable identifying numbers.

(2) Each driver selected for random alcohol and controlled substances testing under the selection process used, shall have an equal chance of being tested each time selections are made.

(3) Each driver selected for testing shall be tested during the selection period.

(d) (1) To calculate the total number of covered drivers eligible for random testing throughout the year, the Borough of Madison, must add the total number of covered drivers eligible for testing during each random testing period for the year and divide that total by the number of random testing periods. Covered employees, and only covered employees, are to be in the Borough of Madison's random testing pool, and all covered drivers must be in the random pool. If the Borough of Madison conducts random testing more often than once per month (e.g., daily, weekly, bi-weekly) the Borough of Madison does not need to compute this total number of covered drivers rate more than on a once per month basis.

(2) The Borough of Madison may use a service agent (e.g., a C/TPA) to perform random selections and covered drivers may be part of a larger random testing pool of covered employees. However, the

Borough of Madison must ensure that the service agent is testing at the appropriate percentage established for FMCSA and that only covered employees are in the random testing pool

(e) (1) the Borough of Madison shall ensure that random alcohol and controlled substances tests conducted under this policy are unannounced.

(2) The Borough of Madison shall ensure that the dates for administering random alcohol and controlled substances tests are spread reasonably throughout the calendar year.

(f) the Borough of Madison shall require that each driver who is notified of selection for random alcohol and/or controlled substances testing proceeds to the test site immediately; provided, however, that if the driver is performing a safety-sensitive function, other than driving a commercial motor vehicle, at the time of notification, the Borough of Madison shall instead ensure that the driver ceases to perform the safety-sensitive function and proceeds to the testing site as soon as possible.

(g) A driver shall only be tested for alcohol while the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing such functions.

(h) If a given driver is subject to random alcohol or controlled substances testing under the random alcohol or controlled substances testing rules of more than one DOT agency for the Borough of Madison, the driver shall be subject to random alcohol and/or controlled substances testing at the annual percentage rate established for the calendar year by the DOT agency regulating more than 50 percent of the driver's function.

(i) If the Borough of Madison is required to conduct random alcohol or controlled substances testing under the alcohol or controlled substances testing rules of more than one DOT agency, the Borough of Madison may--

(1) Establish separate pools for random selection, with each pool containing the DOT-covered employees who are subject to testing at the same required minimum annual percentage rate; or

(2) Randomly select such employees for testing at the highest minimum annual percentage rate established for the calendar year by any DOT agency to which the Borough of Madison is subject.

(a) the Borough of Madison shall require a driver to submit to an alcohol test when the Borough of Madison has reasonable suspicion to believe that the driver has violated the prohibitions of Section B of this policy concerning alcohol. the Borough of Madison's determination that reasonable suspicion exists to require the driver to undergo an alcohol test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the driver.

(b) the Borough of Madison shall require a driver to submit to a controlled substances test when there is reasonable suspicion to believe that the driver has violated the prohibitions of Section B of this policy concerning controlled substances. the Borough of Madison's determination that reasonable suspicion

exists to require the driver to undergo a controlled substances test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the driver. The observations may include indications of the chronic and withdrawal effects of controlled substances.

(c) The required observations for alcohol and/or controlled substances reasonable suspicion testing shall be made by a supervisor or an official of the Borough of Madison who is trained in accordance with 382.603. The person who makes the determination that reasonable suspicion exists to conduct an alcohol test shall not conduct the alcohol test of the driver. *If the employee insists on driving, the proper local enforcement authority should be notified that an employee, who we believe may be under the influence of a drug or alcohol, is leaving Borough of Madison premises driving a motor vehicle.*

(d) Alcohol testing is authorized by DOT/FMCSA regulations only if the observations required by paragraph (a) of this section are made during, just preceding, or just after the period of the workday that the driver is required to be in compliance with the Federal regulation. A driver may be directed by the Borough of Madison to only undergo reasonable suspicion alcohol testing while the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing such functions.

(e) (1) If an alcohol test required by DOT/FMCSA regulations is not administered within two (2) hours following the determination under paragraph (a) of this section, the Borough of Madison shall prepare and maintain on file a record stating the reasons the alcohol test was not promptly administered. If an alcohol test required by DOT/FMCSA regulations is not administered within eight (8) hours following the determination under paragraph (a) of this section, the Borough of Madison shall cease attempts to administer an alcohol test and shall state in the record the reasons for not administering the test.

(2) Notwithstanding the absence of a reasonable suspicion alcohol test under DOT/FMCSA regulations, no driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol misuse, nor shall the Borough of Madison permit the driver to perform or continue to perform safety-sensitive functions, until:

(i) An alcohol test is administered and the driver's alcohol concentration measures less than 0.02;
or

(ii) Twenty four (24) hours have elapsed following the determination under paragraph (a) of this section that there is reasonable suspicion to believe that the driver has violated the prohibitions in this policy concerning the use of alcohol.

(3) Except as provided in paragraph (e)(2) of this section, the Borough of Madison shall take no action under this policy against a driver based solely on the driver's behavior and appearance, with respect to alcohol use, in the absence of an alcohol test. This does not prohibit the Borough of Madison with independent authority of DOT/FMCSA regulations from taking any action otherwise consistent with law.

(f) A written record shall be made of the observations leading to an alcohol or controlled substances reasonable suspicion test, and signed by the supervisor or an official of the Borough of Madison who made

the observations, with 24 hours of the observed behavior or before the results of the alcohol or controlled substances tests are released, whichever is earlier.

RETURN-TO-DUTY 382.309

DRUG AND ALCOHOL CLEARINGHOUSE 382.701

(a) Pre-employment query required.

(1) Employers must not employ a driver subject to controlled substances and alcohol testing to perform a safety-sensitive function without first conducting a pre-employment query of the Clearinghouse to obtain information about whether the driver has a verified positive, adulterated, or substituted controlled substances test result; has an alcohol confirmation test with a concentration of 0.04 or higher; has refused to submit to a test in violation of § 382.211; or that an employer has reported actual knowledge, as defined at § 382.107, that the driver used alcohol on duty in violation of § 382.205, used alcohol before duty in violation of § 382.207, used alcohol following an accident in violation of § 382.209, or used a controlled substance, in violation of § 382.213.

(2) The Borough of Madison must conduct a full query under this section, which releases information in the Clearinghouse to an employer and requires that the individual driver give specific consent.

(b) Annual query required.

(1) The Borough of Madison must conduct a query of the Clearinghouse at least once per year for information for all employees subject to controlled substance and alcohol testing under 382, to determine whether information exists in the Clearinghouse about those employees.

(2) In lieu of a full query, as described in paragraph (a)(2) of 382.701, the Borough of Madison may obtain the individual driver’s consent to conduct a limited query to satisfy the annual query requirement in paragraph (b)(1) of this section. The limited query will tell the Borough of Madison whether there is information about the individual driver in the Clearinghouse, but will not release

that information to the Borough of Madison. The individual driver may give consent to conduct limited queries that is effective for more than one year.

(3) If the limited query shows that information exists in the Clearinghouse about the individual driver, the employer must conduct a full query, in accordance with paragraph (a)(2) of 382.701, within 24 hours of conducting the limited query. If the employer fails to conduct a full query within 24 hours, the employer must not allow the driver to continue to perform any safety-sensitive function until the employer conducts the full query and the results confirm that the driver's Clearinghouse record contains no prohibitions as defined in paragraph (d) of 382.701.

(c) *Employer notification.* If any information described in paragraph (a) of 382.701 is entered into the Clearinghouse about a driver during the 30-day period immediately following an employer conducting a query of that driver's records, FMCSA will notify the employer.

(d) *Prohibition.* No employer may allow a driver to perform any safety-sensitive function if the results of a Clearinghouse query demonstrate that the driver has a verified positive, adulterated, or substituted controlled substances test result; has an alcohol confirmation test with a concentration of 0.04 or higher; has refused to submit to a test in violation of § 382.211; or that an employer has reported actual knowledge, as defined at

§ 382.107, that the driver used alcohol on duty in violation of § 382.205, used alcohol before duty in violation of § 382.207, used alcohol following an accident in violation of § 382.209, or used a controlled substance in violation of § 382.213, except where a query of the Clearinghouse demonstrates:

(1) That the driver has successfully completed the SAP evaluation, referral, and education/treatment process set forth in part 40, subpart O, of this title; achieves a negative return-to-duty test result; and completes the follow-up testing plan prescribed by the SAP.

(2) That, if the driver has not completed all follow-up tests as prescribed by the SAP in accordance with § 40.307 and specified in the SAP report required by § 40.311, the driver has completed the SAP evaluation, referral, and education/treatment process set forth in part 40, subpart O, and achieves a negative return-to-duty test result, and the employer assumes the responsibility for managing the follow-up testing process associated with the testing violation.

(e) *Recordkeeping required.* Employers must retain for 3 years a record of each query and all information received in response to each query made under this section. As of January 6, 2023, an employer who maintains a valid registration fulfills this requirement.

DRIVER CONSENT TO PERMIT ACCESS TO INFORMATION IN THE CLEARINGHOUSE 382.703
